Execution Kept Secret to Prevent Attempt to Rescue Men

SOCORRO, N. M., April 25.—Irvin Frazer and Francisco Granado were hanged at 4:53 this morning in the Socorro county jail. Just at sunrise the men were led from the courthouse where they had been confined under heavy guard since 3 o'clock this morning across a place to the point where a scaffold had been erected. As they stood on the traps Frazer asked the officers to make the execution as nearly painless as possible.

Unusual precautions were taken to prevent any attempt to rescue the men and the time of the execution was kept secret.

Frazer was sentenced to hang for the killing of Deputy Sheriff Thomas Hall and Al Smithers of Luna county in a fight with a posse following a jail-break at Deming, November 7, 1911. Granado was convicted for shooting William S. Clark, manager of the McCallum Mercantile Company store at Mogollon, February 18, 1912, in an attempted hold-up.

Mrs. Anna Meadows of San Antonio, Tex., sister of Frazer, last night pleaded with Governor McDonald at the executive mansion for a commutation to life imprisonment.

Accompanied by a heavily armed guard Frazer and Granado left the penitentiary yesterday afternoon for Socorro in a special car. The execution was the first since New Mexico became a state.

Ty Cobb Attaches Name to Contract

Center Fielder Makes Application for Reinstatement in League.

DETROIT, April 25.—After a conference with President Navin this afternoon, Ty Cobb, center fielder of the Detroit American League baseball club, attached his name to a 1913 contract. The terms were not given out. Application to the National Commission for Cobb's reinstatement was immediately made.

Millionaire's Daughter Mysteriously Disappears

NEW YORK, April 25.—The New York police department today began a systematic search for Romona Borden, the 17-year-old daughter of Gall Borden, millionaire condensed milk dealer. Mr. Borden himself asked the police to take up the case and held a long conference with detectives after midnight.

Various and vague are the clues to the young woman's whereabouts. Reported yesterday to have returned to the New Jersey sanitarium, from where she disappeared Thursday afternoon, it now appears that the statement of her return was one of expediency on the part of the sanitarium authorities, and it is understood that neither Mr. Borden, the family physician nor Mr. Borden's lawyers have the slightest idea where she is.

A girl answering in many ways the description of Miss Borden sailed from New York yesterday on the liner Cincinnati. To clear up this clue a wireless message has been sent to the captain of the vessel.

Slayer of Detective Is Surrounded by Posse

EDMONTON, Alberta, April 25.—Surrounded by a cordon of fifteen royal northwest mounted police officers and men, assisted by eight special constables Oscar Fonberg, slayer of Detective Maxwell Bailey of the mounted police, is making a last stand for his life in a shack close to the scene where Bailey was killed and Constables Whitley and Stead were wounded. According to information received at the mounted police headquarters here early today Fonberg, after remaining in hiding in the brush around his home, returned late in the night and while up on official statement of the dead has been given out by the company, the loss of life is placed by these at the mine at 11K.

Washington "Hikers" Will Be Features of Parade; 35 Bands Engaged.

NEW YORK, April 25.—Thirty thousand suffragettes, all in uniform, will march up Fifth avenue, eight abreast, to the music of thirty-five bands, a week from tomorrow, according to the organizers of the annual woman suffrage parade.

Mrs. Richard Coke Burleson, as herald, will lead the parade on horseback, carrying an American flag.

The pilgrims who, "hiked" to Washington for the inauguration-day demonstration, headed by "General" Rosalie Jones, will march in front of the carriage in which will ride the pioneer suffragist, Mrs. Antoinette Brown Blackwell, who is more than 80 years old.

At the conclusion of the parade Dean W. T. Sumner, of the Cathedral of Peter and Paul, Chicago, will address the suffragists at Carnegie hall on the "Dawning of the Consciousness of Women's Sex Loyalty."

J. E. Caine Formally Named as Secretary

Salt Lake City Man Will Guide the Destinies of Commercial Club.

The appointment of J. E. Caine, secretary and manager of the Salt Lake City Commercial Club, as the new managing director of the Oakland club, was unanimously ratified today at noon at a luncheon in the Hotel Oakland, attended by about 250 members of the club.

President Harmon Bell, who presided, put the issue before the members, telling of Caine's work in the East and of his visit to Oakland, planned by the directors, unknown to Caine, to have him meet Oaklanders. O. E. Hotie also spoke and M. J. Layman made the motion that resulted in a unanimous standing vote.

Caine will receive a salary of \$8000 per year, to be increased to \$10,000 when the membership of the club reaches the thousand mark. He will direct all publicity work and the management of the organization.

F. K. Lane Declines U. of C. Invitation

Public Business Pressure Prevents Acceptance, Says Secretary.

WASHINGTON, April 25.—Secretary Lane was forced today by pressure of public business to decline an invitation from Dr. Benjamin H. Wheeler, president of the University of California, to be at Berkeley, Cal., on May 14, to receive the highest honor within the gift of the university, the degree of LL. D. At that time it is believed it is the intention of the University of California to confer the degree on Colonel George Goethals, chairman of the Isthmian commission, and the directing genius of the constructive work of the Panama canal.

House Votes Down Motion to Invite Coast Governors to Bryan Conference

Tokio Expresses Pleasure at Coming Visit of the Secretary of State

SACRAMENTO, April 25.—Information has reached Governor Johnson's office, through the local Union Pacific office, that Secretary of State William J. Bryan will reach Sacramento at 6 o'clock Monday morning instead of 4:45 Monday afternoon, as had been reported.

SACRAMENTO, April 25.—A party vote of 41 Progressive votes against 11 Democratic and 1 Taft Republican vote today, in the lower house, defeated Assemblyman Stuckenberg's resolution inviting the governors of four coast states to participate in the conference with Secretary of State Bryan on the anti-alien land ownership legislation next week.

"The question of vital importance to the whole Pacific coast," said Stuckenberg. "The states which already have anti-alien land laws will want such information as to whether our laws are going to be so much more stringent than theirs as to drive the Japanese from California into their territory. Uniform laws on the subject are desirable and we should profit by the experience of the states which already have such laws on their books."

Progressives opposed the resolution on the ground that no outside council was necessary.

ABANDONS PLAN

The resolution was not introduced in the Senate, and Senator Campbell stated that the plan had been abandoned.

A resolution for the appointment of a legislative committee to welcome Senator Bryan, offered by Assemblyman Schmitt, was defeated on the ground that he was to be the personal guest of Governor Johnson.

Uncertainty as to the length of time to be taken up by the anti-alien legislation caused the postponement until Tuesday of action on the resolution fixing May 3 as the date for adjournment.

BRYAN IS CLAM-OR

PORT WAYNE, Ind., April 25.—Secretary of State William J. Bryan, on his way to Sacramento, Cal., declined to discuss the anti-alien land situation in California when his train stopped here for a few minutes today.

"I do not care to discuss the subject," said Mr. Bryan.

CHICAGO, April 25.—Secretary Bryan's train was a bit late when it arrived here shortly after 2 p. m. The secretary, who is accompanied,

Congressional Delay With Regard to Elections Is the Cause.

MEXICO CITY, April 25.—General Felix Diaz and Francisco de la Barra, the foreign minister, definitely withdrew last night as candidates for the presidency and vice-presidency respectively of Mexico. The reason given for their action is congressional delay with regard to the election.

The War Department has received a report of the defeat of fifteen hundred Carranza forces at Epitima, in the state of Coahuila, south of Monclova, by eight hundred federals under Colonel Ricardo de la Pina. The rebels are said to have lost heavily. They fled to the north with the federalists in pursuit.

Berkeley Charter Makes No Salary Provision, Court Holds

The hopes of the Berkeley school directors who expected to collect back salary from the city, were dashed this morning by Judge T. W. Harris, sustaining a demurrer of the city of Berkeley to the suit brought by H. I. Stern of the Berkeley board for \$240 back salary. Judge Harris further refused permission to amend the complaint.

Judge Harris based his decision on the state constitution which makes no provision for salaries for school directors, and held that such provision must be specially made by charter. The suit brought by Stern was backed by the other members of the board, Dr. W. C. Moreau, Roy Young, John Wilson and Mrs. Eleanor Carlisle, who would have profited from the action had Stern won his case. The suit was based on an endeavor by Stern to collect \$10 a month for sixteen months on back salary, for the period of his term as a school director which preceded the present charter of Berkeley. The remuneration of the directors under this charter is \$15 a month, and Stern wanted to collect the same salary for the time he served on the board before the charter went into effect. When the warrant for his back salary was sent to the city a citizen brought suit enjoining the city from paying it, and Stern brought a suit to make the city treasurer to pay the warrant. R. C. Staats, city attorney of Berkeley, represented the city in the action.

LOS ANGELES, April 25.—Suggestions that certain resorts enjoyed official protection as well as that of the alleged patrons of the white slavery ring, resulted today in the summoning of Sergeant George Hartmeyer, of the University police station, as a witness before the grand jury. Chief of Police Charles Sebastian said that he would summon Hartmeyer also before him.

Summary dismissal, the chief declared, would be the punishment for any police officer who had relations with Mrs. Josie Rosenberg, keeper of the Jonquil, the resort alleged to have been patronized by George H. Bixby, the Long Beach millionaire, who disappeared when a bench warrant was issued for him.

SLEUTH IS WITNESS

Another witness today was Fred W. Lloyd, a private detective, said to have been employed by suspected persons, who was with Katherine Phillips just before she vanished. Miss Phillips was the girl who started the white slavery investigation after she had been arrested for alleged blackmail at the instance of Mr. Bixby.

Bixby is still missing. A statewide search is now being conducted for

TARIFF BILL TO SENATE IN MAY

General Debate on Measure to Close When House Adjourns Monday

Majority to Fix Limitations on Amendments and Guard Against Filibuster

WASHINGTON, April 25.—With only three days left for general debate on the Underwood tariff bill in the House, the prospect today was that the measure would pass the House and go to the Senate during the first week of May.

Majority Leader, Underwood, has given notice that general debate on the bill will close when the House adjourns Monday night. Tuesday the bill will be called up under the five-minute rule for reading and amendment. At that time it is the purpose of the majority to fix some limitation on amendments and so guard against filibuster.

The original estimate of 50 hours debate made by the House leaders will be cut down considerably, two days having passed without night sessions. Long sessions were planned for today and tomorrow, however. Representative J. Hampton Moore, for the Republicans, and Representative A. Mitchell Palmer, for the Democrats, were leaders in the debate today.

Representative Moore introduced a novel speech on the tariff by the reading of questions from the speaker's rostrum and the delivery of replies from the floor.

SPEECH IS "TARIFF PRIMER"

Moore's speech was a "tariff primer." He went to the desk a set of queries which the clerk propounded to him and Moore, in his answers, ran the gamut of tariff legislation and tariff dogma. Moore charged the Democrats with continually misrepresenting the tariff question and declared the present Payne tariff law revised the tariff downward.

Representative Palmer declared the Underwood bill, "if enacted into law would remain on the statute books for years to come, as a happy solution of a long vexed question."

"It must," he said, "have the united support of the political party which is responsible for it and it must permit American industry to proceed toward the capture of a larger share of the world's markets without causing an embarrassment sufficient to bring distress to any large body of our people."

HAS CONFIDENCE

He expressed confidence that both of these results would follow, but continued:

"It should turn out that the Underwood law shall be so weakly rushed in the confidence of the people that it falls to survive the great test of the next popular election, our wasted effort will be a small burden for us to carry compared with the increased burden of the people who are heaped upon an unsuspecting people by the sudden return to the oppressive system of taxation from which we hope to relieve them by this bill."

He viewed with equanimity the so-called invasion of the rights of the legislative branch of the government by the executive in the framing of the bill, and declared that "this co-operation gives promise of prompt completion of a well-settled program and foreshadows hearty support of the bill by the great leaders of our party in public station and private life."

HAS NO FEAR OF DISASTER

"Business now may take notice that as to such enterprises as cannot meet the new conditions, by reason of neglect, refusal or inability to employ the efficiency and economy which will permit industry to stand upon its own feet, with less support from the government, the people refuse to be longed taxed to accomplish the survival of the unfit."

Palmer declared that the Underwood bill would not cause any decrease in the aggregate production of industry in the country, nor impair the earnings of labor.

"I have no fear," he said, "that the American people will be any less the American people, or that the American people will feel that widespread distress on the part of labor is not to high a price to pay to compel a return to the old protective system and deliberately close his mills in order to frighten the people of the country into a repudiation of this new policy."

BAND RAIDS BANK AT 3 A. M.

Armed Robbers Blow Safe, Get \$40 and Terrorize Lockeford

Many Shots Are Fired at Venturesome; \$1000 Is Overlooked

STOCKTON, April 23.—Bank of Lockeford, a branch of the Union Savings Deposit Bank of Stockton, was raided at 3 o'clock this morning by a band of armed robbers, who blew the safe with dynamite and made their escape in a stolen automobile, carrying with them as the net result of their operations but \$40.

Lockeford, which is several miles east of Lodi, was terror-stricken for a half hour.

The band numbered from four to six, according to the estimates of the people who were aroused from their slumbers. The men had cut a number of telephone wires, but by mistake severed also an electric light wire, which caused a series of flashes in a grocery store.

The proprietor, believing that the place was on fire, discharged a shotgun to summon help. It was while people were flocking to the store that the safe in the bank was dynamited.

The robbers made their appearance almost immediately, firing at the more venturesome of the townspeople and ordering them to clear the street. Compliance with the order was immediate and men and women, scantily attired, rushed for their homes.

OVERLOOK \$1000

The robbers remained long enough to make a hasty search, in the course of which they overlooked a sum said to be about \$1000.

The amount taken, amounting to \$40, was loose in the safe. One of the men shouted to his companions to "strike for the shade and keep going," which was the signal for their departure. It was some time later that Dr. J. G. Priestley's automobile was gone and word was immediately sent to the sheriff's office in this city. Officers were sent out on all roads in the neighborhood, but no trace of the men was found. The machine was abandoned at day-break near this city.

him, but friends asserted today that he would reappear within 24 hours. Subpoenas were issued commanding the presence of his son, Richard Bixby, before the grand jury, but when the officers were sent to Long Beach to serve the summons they could not find the young man. Young Bixby's testimony was desired because it was thought he would be able to disclose his father's whereabouts.

Like a beautiful sphinx, whose secrets no one may read, Mrs. Eva Nesbitt, called the double of Evelyn Nesbitt Thaw, who alone of all the young women arrested in connection with the white slavery cases is being held in custody, maintains an unbroken silence in regard to herself or the sensational situation.

Residing in the detention home, and at present a ward of the juvenile court, she wears the severe uniform of the institution with a grace and simplicity of manner incomparable, and the delicacy of her beauty, her rare coloring and her great sparkling eyes, are enhanced by the plain tan apron-like dress which is unadorned by so much as a bow of ribbon.

Just why Eva Nesbitt alone is kept in custody is unknown to any outside the police and court circles, and she refuses to discuss the situation at all. With a rare smile and a light in her eyes which atones for refusal she will make but one reply to any question, even concerning her age or the nature of the charge against her: "I don't know; I have nothing to say."

TOMORROW IS DAY OF BIG MAINE MONUMENT BENEFIT

All Arrangements Are Complete for Entertainment at Shell Mound

ATTRACTIONS OF BENEFIT

Every child under 12 years of age, accompanied by its parent, will be admitted to the grounds free at the Maine monument fund benefit at Shellmound park tomorrow.

Every child under 12 will be given a ticket for a ride on the merry-go-round.

There are tables and benches under the trees where those who wish to take their lunches with them can sit and eat out of doors with comfort and without extra cost.

There are special playgrounds for children with swings and slides where they can be entertained without interference from the crowds.

To get to Shellmound park from San Francisco take the broad gauge ferry to the Oakland mole, then board the Berkeley electric train.

To get to Shellmound park from Oakland take the San Pablo avenue cars transferring to the Park avenue line, which will take you to the gates; or, go to the Sixteenth street depot and take the Berkeley electric train.

Tickets for the benefit can be bought at the following places: H. C. Capwell & Co., Fourteenth and Clay streets. Kahn Bros., Twelfth and Washington streets. THE TRIBUNE Branch, 1220 Broadway. Examiner Branch, 1130 Broadway.

Everything is in readiness for the big United Spanish War Veterans' benefit at Shell Mound Park tomorrow afternoon and evening. The program, consisting of speeches, tug-of-war, shoe races, drills by soldiers from the Presidio, a flying ship exhibition by Silas Christensen and dancing, promise a day of unparalleled attraction for both young and old.

Shell Mound Park is also at its best at this season of the year and even the weather is assisting in this patriotic undertaking. Out under the trees at the park are inviting seats where people can sit at tables and eat their meals if they wish to take them or a restaurant where meals can be bought if they wish to stay over for the dancing that will continue at night.

It will be a day of enjoyment at small cost. What the veterans have striven for is to make an attraction that will give every one his money's worth and more. The admission is to be 50 cents and children under 12 years of age, accompanied by a parent, will be admitted free. Each child under 12 will also be given a ticket for a ride on the merry-go-round.

The music will be furnished by the dancing pavilion during the entire afternoon and those who do not care to listen to the speeches or see the sports can indulge themselves in dancing. There is a spacious grandstand with plenty of seats that will protect those who wish to watch the soldiers and the sailor boys from the naval training station go through their various performances.

SEATS FREE.

They will also be able to hear the noted speakers who will address the throngs and the seats will all be free. There is to be no reserved seat section, but the ones who come first will be served first. The park itself consists of ten acres and is sufficiently large to accommodate an immense gathering.

The purpose of the benefit is also a patriotic one and those who go will have the knowledge that while they are enjoying themselves at small cost the money will go toward the final payment necessary for the national monument to be dedicated next Memorial day in honor of the heroes of the Maine who sank with the ill-fated battleship in Havana harbor in 1898. It also includes the men who lost their lives as the result of the war precipitated by this disaster.

The national Maine monument was to have originally cost \$143,000. It was found, however, that a better site could be obtained for it and it was placed at one of the principal entrances to Central Park in New York City. The changes made necessary, including some massive granite gates, increased the total cost to \$183,000, leaving a deficiency of \$40,000, which the United Spanish War Veterans throughout the United States are endeavoring to make up.

LENGTHY PROGRAM.

It was by reason of the appeal made to the local veterans by their national officers that tomorrow's benefit was planned. The services of all those who appear on the program were donated free of cost, with the exception of a few minor expenses and the employment of the band every cent that is paid for tickets will go toward reducing the remaining \$40,000 indebtedness on the monument.

The program will begin at 2 o'clock tomorrow afternoon as possible and it is expected that it will last until 5:30 o'clock. Silas Christensen will appear over the grounds in his big hydroplane, accompanied by a companion, about 3 o'clock, when they will treat the crowds to a shower of American flags in honor of the patriotic service of the United Spanish War Veterans.

ADMINISTRATION BILLS MAY SUFFER INTERMENT

Legislature's Adjournment Draws Near and Much Is Yet to Be Done

(Special Correspondence of THE TRIBUNE.)

SACRAMENTO, April 25.—May 3, that loomed up so brilliantly a week or so ago as the date of adjournment of the fortieth California Legislature, when midnight sessions and early-morning activities would end and weary legislators would return to their homes, is rapidly vanishing and from the legislative hall mass of suspended legislation twinkles a new star in the firmament of sine die hope that looks like May 10.

The intense heat of the past few days in Sacramento is showing on the faces of the legislators. Debate is becoming less spirited and interest is lagging, but the "C. Q. D." sign flashed continually before the faces of the administration forces keeps the legislative wheels in motion.

The Johnson administration measures which are known about the capitol as the "ten commandments," are far from being committed to perennial memory on the statute books of the state and from present indications some of them will never even get to the point of being rehearsed.

WORK FAILS TO LOOM UP.

The sum total of the work accomplished by the Senate does not loom up as an indication of the strenuous work that has been done. Hardly more than 250 bills, resolutions and amendments have passed the upper house, while upwards of 6000 measures were introduced. The Assembly, while showing more accomplishment in the way of bill passing, has not even scraped the top-layer off the enormous pile of measures, and up until last night had only passed approximately 450 measures.

The bifurcated session is advanced as one of the principal reasons for the existing conditions. Senator E. J. Tyrrell of Oakland, who is opposed to the bifurcated session idea and who intends to make an effort to repeal the act under which it was created, declares that through the present system 34 days, during the legislative recess from February 4 to March 10, were practically wasted.

Of the administration measures, the one big bill which seemed doomed to be left stranded, is the conservation bill, in which former Governor George C. Pardee of Oakland is vitally interested as chairman of the state conservation commission. The position cropped up so strongly to the Johnson bill, which embraces the conservation measure in the Assembly, that it was rescued from certain defeat by being put over for further consideration.

WAGE BILL LOOMING.

The minimum wage for women measure, which establishes an industrial welfare commission for the investigation of the condition of working women and girls in the state—the measure which Governor Johnson has taken up to the governor's office—practically every other state as the one through which he hopes to solve the social evil problem as it applies to the conditions of female workers, has just passed the Assembly. This is not even an indication of its having a chance under present conditions to get action in the Senate unless decidedly different methods of action are pursued.

The workmen's compensation bill, which Senator Knight, administration floor leader, has been wrestling ever since the session opened and long before, is just now undergoing a series of amendments in reading floor. If it succeeds in reaching the governor's hands for his signature it will barely get in under the wire.

Senator Tyrrell's weights and measures bill, which bears the administration stamp of approval, has passed the Senate. Senator Tyrrell has intended to "grab" it out of the Assembly committee on ways and means today and get it on second reading floor and hastened to passage.

After holding the Assembly adjournment until the resolution for April 28 in the Senate finance committee for about five weeks and then adopting it with an amended date to May 3, the Senate burned all bridges behind it, but outside intervention by the Senate, the measure will give it a week's respite in which to carry out the governor's program.

That intervention will come in the person of Secretary of State William Jennings Bryan, who is slated to arrive in California Monday night, to discuss the anti-alien land bill situation with Governor Johnson and the members of the Legislature.

The measure creating a state legislative reference and counsel bureau, of which Senator William W. Clark is the author, will be amended to meet, if possible, the objections raised on the floor of the Assembly last Tuesday night, when the bill was defeated by a vote of 33 to 32. It will come up in its amended form on a motion to reconsideration introduced by Assemblyman Frank M. Smith of Oakland.

Stomach Trouble

Upon using Duffy's Pure Malt Whiskey his relief was almost immediate—"It gave back my life and health."

"For eight years I suffered with catarrh of the stomach, which finally became very dangerous. The worst trouble was in the intestines. I lost all my appetite and sleep; I became weaker day after day, and I took all kinds of medicine without the least bit of relief. I thought sure death would claim me. At last a powerful remedy came to my aid. I bought three bottles of Duffy's Pure Malt Whiskey, and from the third dose I began to find relief. Then my appetite grew better, and I was able to work without being fatigued. I take great pleasure in recommending Duffy's, and I gratefully certify that it has given back my life and health to me."—Gustave Petailot, Fenton, Miss.

Duffy's Pure Malt Whiskey

has to its credit over fifty years of success, and its remedial qualities have never been questioned. It is an absolutely pure distillation of carefully selected, clean grain, thoroughly malted. Overworked men, delicate women and the aged find in Duffy's the health and strength-giving properties so necessary to them. It is a wonderful remedy in cases of indigestion, constipation, grip, bronchitis, cough, cold, asthma, catarrh, stomach troubles and all wasting and weakening conditions, if taken as directed. It is recognized as a family medicine everywhere. Keep it in your home. Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish War.

CABLEGRAM SENT OUT.

A cablegram received yesterday by President W. E. Gibson of the Associated Chambers of Commerce of the Pacific coast, urging a protest against anti-Japanese land legislation, and signed by Chairman Nakano of the joint Chamber of Commerce commission of Japan, was today forwarded to the Chambers of Commerce of the state. The matter has already been acted upon by the Oakland chamber, which several weeks ago put itself on record as against any legislation discriminating against the Japanese. The local chamber may reiterate this stand next week.

Copies of the message will be sent to all chambers affiliated with the association of chambers, and appended will be a report of Oakland's action. The chambers will be urged to communicate with members of the Legislature asking that the alien land law show no discrimination.

TOKIO IS QUIETER.

TOKIO, April 25.—Satisfaction generally is expressed here over the decision of President Wilson to send Secretary of State Bryan to Sacramento, Cal., to consult with the legislators there on the question of the proposed alien-land ownership legislation.

The majority of the Japanese newspapers adopt a more tranquil tone today, but the widely circulated Osaka Mainichi, an independent newspaper, has a warlike spirit points to the Japanese fleet as "no toy," and says that if forced to action by discriminatory legislation it is capable of vindicating the national honor.

ALL FOOD INCLUDED.

The term "articles of food" is construed to mean and include fresh and frozen meat products, except in process of manufacture, fresh fruit and vegetables, fish, shellfish, game, poultry, eggs, butter and cheese.

Provision is made for the licensing of cold storage warehouses for one-year periods under a state board of health. The year's license would cost \$50.

It would be the duty of the state board of health to supervise and inspect all cold storage warehouses in the state.

A flood of telegrams and other forms of communications are being received by members of the Alameda county legislative delegation requesting that they give support to Assemblyman Bowman's bill which is known as the "name on the label measure."

Through this bill it would be impossible for a wholesaler to purchase certain products in bulk from a manufacturer and resell the product under their own name or making several "brands" from the one quality of product.

The name of the original manufacturer would have to appear on all "brand" labels or otherwise. The requests for the passage of the bill come from some of the largest grocery concerns in Oakland.

VINE OF 1791 YIELDS GRAPES

San Jose Product on Exhibition at the Chamber of Commerce.

A bunch of grapes, picked from what is probably the oldest vine in California, have been preserved for exhibition purposes by W. D. Nichols, of the Alameda county exhibit commission, and is now to be seen at the Chamber of Commerce. The old vine was planted in the Mission, San Jose gardens by the padres in 1791, and was a cutting taken from an old vine at Santa Clara, which was planted in 1753 by Juan de Serra, father of California's missions.

Father Serra planted the vine in Santa Clara with his own hands, at the time of founding the mission, now Santa Clara College. The padres brought the cutting with them to the new Mission, San Jose, when that mission was built later.

The old mission gardens are now a part of Palmdale, the beautiful country estate of Henry Lechman, but this one vine near the mission itself, is still on mission property. Lechman's portion of the mission garden contains near trees hundreds of years old, still in full bearing. Some of these trees are to be seen in the Alameda county exhibit.

Flower Pot Falls Seven Stories; Strikes Painter

SAN FRANCISCO, April 25.—A flower pot fell seven stories from a building at Bush and Powell streets, this morning, and struck Burt Burton, a painter, of 461 Hayes street, squarely in the middle of the back. The force of the blow threw Burton to the ground. Bystanders rushed to his aid, believing that his spine must have been fractured. He was hurried to the Central Emergency hospital, where it was found that his bones had, without doubt, the assault. The only thing broken was the flower pot.

OFFICIALS VIEW NEW BOULEVARD

Oakland's Sky Line Highway
Exhibit Awakens
Enthusiasm.

Interest in the new sky line boulevard in Oakland is growing and frequent trips are being made over the parts now under construction by auto enthusiasts and those who realize that the drive is to be Oakland's greatest feature during the Panama-Pacific Exposition, as it shows to the greatest possible advantage the possibilities of this side of the bay.

Dr. G. B. N. Clow, chairman of the good roads committee of the Progress and Prosperity committee of the Chamber of Commerce, who has traveled widely through the United States and Europe, declared that the drive will be without an equal.

The great cities of Europe have all their famous drive-ways—it is these drive-ways and boulevards beyond all other things that are the features of such cities as Paris, Berlin and Rome, and these cities have nothing that is to compare with the completed boulevard. Oakland and Alameda county cannot possibly have a stronger drawing card than this drive-way. It will attract people of wealth and hold them entranced. One has only to see the parts already accessible to become an enthusiast," asserted Dr. Clow, with his own enthusiasm nothing daunted a short time after he had spilled a load of passengers from his machine while on a trip of inspection yesterday.

GARDEN OF THE GODS.

W. J. Saccus, commissioner of streets; Perry F. Brown, superintendent of streets; Francis C. Smith, of the Frank K. Mott Company; James H. L'Honnemieu, engineer of the Realty Syndicate, and several others were in the party yesterday piloted by Dr. Clow and all became converts to the sky line boulevard as being the only road to the garden of the gods. It will have several routes leading into Oakland and will extend from Richmond, on the north to Mount Hamilton, on the south, eight-five miles of smooth roadway with easy grades and natural wonders that beggar description, as well as such points as the University of California, the Claremont Hotel, Mills College, the Mission San Jose and other places of uncommon interest.

The citizens of Santa Clara county are responding and plans to carry out the idea are already well under way in that county. Dr. James B. Bullitt, president of the Federated Improvement Clubs of San Jose, and others in connection with the Chamber of Commerce of that city are working in co-operation with those northern end of the drive.

TO ELECTRIC LINE.

STOCKTON, April 25.—The Tidewater and Southern Railway yesterday commenced the work of electrifying its line from this city to Modesto.

Today's Beauty Recipes

By Mme. D'Mille

With the approach of warm weather face powder is found unsatisfactory. At present it does not improve the complexion. A genuine beautifier is easily made by dissolving an original package of mayonaisse in a half pint of witch hazel. Apply in the morning and it will not rub off nor show, but will keep the skin smooth, clear and satiny.

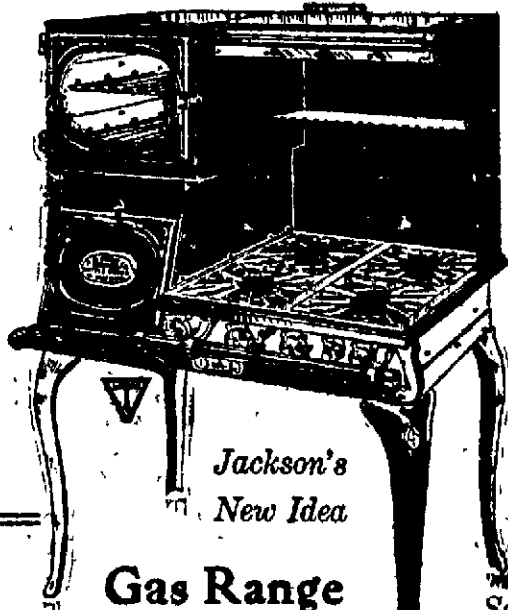

"Don't get discouraged if your hair comes out when combing. Your hair is coming out because of parasites that prey upon it and cause it to become dull and brittle. These parasites are removed by Mother's Shampoo. This can be purchased in any neighborhood. It makes the hair rich, fine and fluffy."

"Observing women neglect the fact that regular eyebrows and long lashes are aids to beauty. Thin, straggling, colorless and uneven eyebrows and lashes will grow long, lovely, evenly and darker in color if the roots are massaged daily with plain proxin."

"Hair removal should be painless, quick in action and safe. Delatone answers these three requirements. Make a little paste with powdered delatone and water, cover the hair or fuzz to be removed for two minutes, wipe off, wash the skin and the hair will be gone."

"Pimples, skin eruptions and certain kinds of eczema are speedily banished by Mother's Salve. This old-time household remedy quickly cures eczema and burns without leaving a scar. It is cooling, soothing and antiseptic."

"A home-made paste builder for rounding out the bust that follows a fall can be prepared by making a syrup with 1/2 cupful sugar and a pint of water, to which is added one ounce of gelatin. This is one of the best of the famous Vaucaire treatments. The dose is two teaspoonfuls before meals."

SCHOOL MUSICIANS TO GIVE CONCERT

Intermediate No. 1 Will Be the Mecca for Amusement Seekers Tonight.

A public concert will be given tonight at Intermediate school No. 1 by the music department of the institution, under the direction of Miss Zannette W. Potter, supervisor of music.

One hundred and twenty-five children will take part in the program and it is expected that a large crowd will be present.

The affair is one of a series proposed and carried out by the Board of Education. The concerts are proving popular in the various neighborhood centers. The program will be as follows:

Orchestra, "National Emblem," boys' chorus (four-part voices), "Take my Love to Rosalie," cornet solo, "The Rosary," Joe Fitzgerald; piano duet, "Qui Vive," Hazel Rehor and Florence Bagart; girls' Choral Club, (a) "Lo, Again 'Tis Evening," (b) "Apple Orchard in the Spring," vocal solo, "The Year at the Spring," Annette Sulberry; orchestra, "The Olympiad," vocal duet, "When Life Is Brightest," Hermine Brainer and Dorothy Anker; violin solo, "Liesbesfreud," Olive Reed; Mandolin Club, "Mysteries of the Sea," Waltzes; Girls' Choral Club, waltz and chorus from "Faust," orchestra, "The Anvil Chorus," boys' chorus (a) "Cuckoo Yodel," (b) "Dixie."

CATHOLIC CLERGYMEN DENIED USE OF AUTO

BERLIN, April 25.—Roman Catholic clergymen are forbidden either to own or ride in automobiles, according to an edict published today in the Rhenish Prussian bishopric of Trier. The head of the diocese declares that the use of automobiles is inconsistent with the humility which should adorn the clergy and furthermore, automobilism has been the frequent cause of the financial embarrassment of priests.

WORK IS RESUMED IN BELGIUM SHOPS

All Factories and Concerns Are Running Again With Exception of Steel Works.

LIEGE, Belgium, April 25.—The decision of the National Socialist Congress at Brussels ordering a resumption of work throughout Belgium has been fully accepted by the strikers here and in the surrounding industrial cities. All the factories and other concerns have reopened and business has resumed its normal condition except at the steel works, whose furnaces died down during the strike. These will be in running order again by Monday next.

PASADENA, Cal., April 25.—Because Mrs. Robert Duncan of Altadena planned to cook a chicken for dinner she and her husband are without a home. The paper she lighted to singe the fowl's pinfeathers set the house afire and it burned to the ground, causing an estimated loss of \$3000.

AVIATORS MUST NOT CROSS BORDER

Birdmen of German Army to Be Careful Where They Land.

BERLIN, April 25.—Owing to the ill feeling aroused in France recently by the landing of German aircraft at Lunville and Arracourt, officers of the German army were notified today by the War Office that they are forbidden to participate in the future in private flights or competitions involving any possibility of crossing a foreign frontier.

TWO LABORERS KILLED WHEN TRENCH CAVES

SAN DIEGO, April 25.—Two laborers, Albert Erickson and J. A. Powell, were almost instantly killed at First and D streets late yesterday afternoon. With a third man, Thomas Fitzgerald they were digging a trench on the floor of an excavation 25 feet deep. The sliding of the excavation gave way and several tons of earth fell upon the three men. Erickson and Powell were dead when extricated. Fitzgerald was found unconscious. He is badly injured and may not survive.

ALL OTHERS EQUALLY LOW

We Have Told You Before
Why We Can Do This

We bought ten carloads of pianos and players to secure the exclusive agency on the coast for these makes in the future. To turn them quickly, also to introduce them, we are selling them at factory cost.

There is now no reason why any home should be deprived the use and ownership of a high-grade, guaranteed piano. If it were necessary to accept an inferior make instrument in order to take advantage of these prices and terms there should be some hesitancy on your part, but these pianos and players are without exception all standard makes, guaranteed by their makers and by Eilers. Absolute satisfaction guaranteed or money refunded. Almost any make of instrument can be purchased at this great sale, either new or slightly used, and if you have a preference state so to the salesman and you will surely find just what you want and at a price that will surprise you. The fact that we offer new pianos for \$137.50 does not imply by any manner of means that it is the best piano we have --for these reductions hold good up to our \$1250 Grands at \$696. It is, however, indicative of the fact that our prices all the way through are correspondingly low, and the shrewd buyers are quick to realize this when they examine our offerings.

Microbes in Your Scalp
Authorities say that a microbe causes baldness. If you are losing hair try our remedy at our risk.
Professor Unna, of Germany, and Dr. Sabouraud, the great French Dermatologist, claim that a microbe causes baldness, and their theory has been verified by eminent scientists. This microbe destroys the hair follicles, the cause of the scalp pores to close and the scalp to become shiny. Then it is believed nothing will reverse the growth. If treated before this occurs, baldness may be overcome.
We know of nothing that has given such universal satisfaction in treating the scalp and hair as Rexall "93" Hair Tonic. It has been designed after long study to overcome the cause of falling hair as discovered by Prof. Unna, Dr. Sabouraud, and other scalp and hair specialists, and we believe it will do more than anything else can to remove dandruff and stop falling hair; and if any human agency can produce a new growth of hair it will do that, too.
We want you to make us prove it. We will pay for a month's treatment of Rexall "93" Hair Tonic used during a trial, if you will use it according to directions and are not thoroughly satisfied. When we will do this, you surely should not hesitate to at least try it.
Start the treatment today. Your money request will get your money back if you want it. Two sizes: 50c and \$1.00.

ROTARIANS FAVOR ONE-CENT POSTAGE

Club Is Urged to Protest Bill Posting Law Before Council.

At its meeting yesterday the Rotary Club passed resolutions in favor of 1 cent letter postage. N. B. Bridges introduced the resolution, which was passed unanimously. L. A. Herin, vice-president of the club, appeared at the meeting to invite the members and their wives to attend the Ad Club dinner.
President Robert Robertson read a communication from Grant M. Smith, a member of the club, and representative of a big bill-posting firm, stating that the business of his firm would be destroyed if the pending ordinance, known as the Everhart ordinance, were enforced.
Ferdinand asked the members of the club to visit the post office and exhibit in the basement of the Kahn building, to which they were invited for tonight by a member of the committee. President Robertson announced that the first baseball game between the Oakland and San Francisco Rotary clubs would take place May 25.

BAY REGION PLEDGES SUPPORT TO PORTOLA GOOD FEELING PERVADES BRILLIANT BANQUET

SCENE AT PORTOLA BANQUET IN SAN FRANCISCO LAST NIGHT AND SOME OF THE SPEAKERS. LEFT TO RIGHT ARE TOASTMASTER P. T. CLAY, JOSEPH D. REDDING AND M. H. DE YOUNG. BELOW IS O. E. HOTTE (Bushnell Photo) OF OAKLAND, WHO WAS A SPEAKER AT THE BANQUET. —Banquet Scene Photo by Waters.

MAYORS OF MANY CITIES PRESENT

Surprises Are Sprung at Affair Which Is Entered in Book of Success.

SAN FRANCISCO, April 25.—With representatives of more than a score of nations in attendance, and prominent men from every part of the west, the public phase of the preparations for the Portola festival, to be given next October, was started last night at the big banquet given by the mayor of San Francisco and the Portola committee at the Palace hotel.
The bay region came forward as a unit with a pledge to make the Portola a world-amazing success. The mayors of half a dozen Bay cities were present. Oakland was officially represented by one of the most prominent men in its commercial life—O. E. Hotte, director of the Commercial Club, and secretary of the Tourist Association.
Speaking in behalf of Mayor Mott, Hotte laid emphasis on the solidarity of the bay territory and gave promise that this region's interest in the big fête of October 22 to 25.
DECORATIONS ARE BRILLIANT.
The banquet proved the most successful of a long while, arousing unprecedented enthusiasm. The ballroom was decorated in the Portola colors—red and yellow. Sunken gardens had been constructed and the big ballroom was decorated with red and yellow flowers and the flags of Spain and the United States.
The speakers were: James Rolph, Jr., mayor of San Francisco; "Portola-San Francisco" Charles C. Moore, president of the exposition company; "Portola-Exposition" M. H. De Young; "Portola-The Press" Joseph D. Redding; "Portola-Festival Spirit" O. E. Hotte of Oakland; "Portola-Sister Cities" Edgar D. Pelotto; "Portola."
The toastmaster was P. T. Clay, chairman of the Portola executive committee. Given in the wonderful Spanish garden, spray in the air and yellow banners of the Portola out of dim curtained spaces and gave the guests such dainty singing and dancing that they were almost ready to stop the pleasant labors of the table.

OAKLAND GREETES ITS SISTER CITY

O. E. Hotte Represents Mayor Mott; Dwells on the Solidarity.

SAN FRANCISCO and Oakland. And the question came to me, have they met one thing in the matter of inter-city relationship that does not argue for the closest affiliation and co-operation of the industrial and commercial interests of the two communities? It is self-evident that the things that are in common between the two cities of San Francisco Bay, are a thousand to one as to the things that are not common.
MARY, FRANCES AND JANE.
In a well regulated home the sisters, Mary, Frances and Jane, certainly will have their individual apartments. Mary may take pride in her library and Frances may take pride in her jewelry and Jane may take pride in her gowns. One may be blonde and one may be brunette; one may have prepossessing qualities of beauty and the other of intellect and spirit and in their individual apartments they may take pride in their individual possessions and as individuals they may play up the attractions and the beauties that each possesses. But that does not for moment argue that there is not the most sisterly relation, the spirit of co-operation, the standing together for all things that lead to the building of the home.
"In the scheme of nature's process of development, with the great back-lying valley that can support ten millions of people, with that other great field of cultivation, the trade of the Pacific, with the climate that made Greece and Rome the classic that they are, with the wealth available that surpasses that of any other great opening period in a great world development—well, the cities of San Francisco Bay, like common identifiers, The future is fraught with possibilities for good and evil of such proportions that it makes any man serious in his reflections.
The time is at hand when the community of the bay should make it possible for the spirit of the bay to sing, in the words of George Sterling, Over my waters my children draw nearer; Over my mountains their laughter rings clearer.
Each unto each by the seasons made dearer:
Where my waves sing.
At the speakers' table were: J. B. Plinkham, Mayor Richard Kinella of San Rafael; Mayor Frank Otis of Alameda; Joseph D. Redding, Den H. Roberts, J. T. Seaton, Captain C. A. Gove, E. Melia, dean of the consuls general; H. O. Hotte, representing Mayor Mott; P. T. Clay, toastmaster; Charles C. Moore, president of the Panama-Pacific International Exposition; Colonel Cornelius Gardner, Mayor Monahan of San Jose; Edgar D. Pelotto, W. J. Sturtevant, official representative of San Francisco; C. A. Brookhagen, Mayor H. A. Klyce of Mill Valley; R. B. Hale.

HEART TROUBLE—NO! IT'S GAS AROUND YOUR HEART

Of course, the palpitation, shortness of breath, anxiety and nervousness at night, across you, but there is really no occasion for alarm if you will only take Bailemann's Gas Tablets and cure that gas pressure.

A permanent cure of gas can only be accomplished by treating your stomach with Bailemann's Gas Tablets; by that we mean taking Bailemann's Gas Tablets for a definite length of time. Ordinary dyspeptic remedies are only good for relief during an attack, but relief is no cure. Bailemann's Gas Tablets, however, cure gas around the heart for good, and your supposed heart trouble will soon disappear.
Go to your druggist right now, ask for Bailemann's Gas Tablets in the yellow package, or, if you like, send for a free sample package to Bailemann Co., 225 Butter St., San Francisco.

HOW MILITIA AND ARMY CO-OPERATE

General Mills Defines Relationship Between Regulars and Volunteers.

WASHINGTON, April 25.—General Albert L. Mills, in charge of the militia division of the army, today issued a circular order defining the relationship of the regular army officers of the militia and the militia. The circular states that the militia is not to be regarded as a reserve force, but as a part of the regular army. It is to be organized and trained as a part of the regular army, and its officers are to be appointed and promoted as regular army officers. The circular also states that the militia is to be used in the same manner as the regular army, and its equipment and supplies are to be the same as the regular army's.
BUREAU TO WITHDRAW.
PITTSBURG, Pa., April 25.—The Western Insurance Bureau, holding an annual convention here yesterday, decided to withdraw from the state of Missouri because of antagonistic legislation which they assert has been enacted and which seriously interferes with their business. Over 62 insurance companies were represented.

HAIR CLIPPING NOT HAZING, SAYS FACULTY

ITHACA, April 25.—Having one's hair clipped against one's will does not constitute hazing, at least the sort of hazing that is punished by expulsion from Cornell University, according to a decision of the faculty committee on student affairs on the complaint of Edward Brallove, a Junior.
Brallove alleged that he was beset by a party of seven fellow students of the college of forestry while on a study trip, thrown to the floor of his hotel room, and compelled to submit to having his hair clipped.
The faculty committee accepted the report of the student confidence committee, an organization composed of upper classmen, which investigated the case. This held that the evidence did not merit a greater penalty than a reprimand.

DATE SET FOR DEBATE ON CAPITAL PUNISHMENT

UNIVERSITY OF SANTA CLARA, April 25.—The date set for the annual Ryland debate at a meeting between representatives from the House of Philanthropists and Philanthropic Society last night is May 4. After much discussion, the question decided upon is: "Resolved, That Capital Punishment in California Should be Retained."
After many tryouts and lengthy deliberations by members of the Philanthropic Society, together with its president, Rev. C. J. Buckley, Harry McGowan of Pasadena Springs, Percy O'Connor of Los Angeles and E. O. White, A. B. of Watsonville have been chosen to represent that historical society. For the house of Philanthropists, Harold R. McKinnon of Berkeley, Rodney A. Yoell of San Jose and F. B. Boone of Modesto will uphold their end of the question.

The Effects of Oplates.
THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest dose for more than a day at a time, and only then if unavoidable.
The administration of Anodynes, Drops, Cordials, Soothing Syrup and other narcotics to children by any but a physician cannot be too strongly advised, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them with narcotics.
Casteria contains no narcotics if it bears the signature of Chas. H. Fletcher. Genuine Casteria always bears the signature of Chas. H. Fletcher.

SCHOOL DIRECTOR FIGHT ANIMATED

Bronner-Hawes Contest Live-
liest of Those for City
Offices.

The heatiest fight that is being made for the general election of May 6 is over the candidacy of Matthew B. Bronner and Mrs. Harriet E. Hawes for the position of school director No. 2. Other fights are being waged but it is practically conceded that the incumbent candidates will retain their positions.

There is some agitation in the political field but the fight will become more animated next week when the final campaign will be started by the candidates who qualified at the primary election April 15. Candidates who received high votes at the primary plan to make every effort to get out a larger vote at the general election.

Commissioners Harry S. Anderson and William J. Barcus are continuing their campaigns along the same conservative lines that marked their work prior to the primary. Meetings in the various neighborhoods are being held, and the records for efficiency in the two municipal departments headed by the two candidates are being placed before the voters as a reason for their re-election.

INTEREST IN WOMAN'S CANDIDACY

Various clubs and other organizations are at work to pile up a huge majority for Miss Anne Florence Brown for school director No. 1. Miss Brown recently received the highest vote of any of the candidates for school director, and her friends hope that she will again lead the ticket by a large margin over all other directors at the coming general election. Her qualifications, her splendid record, her devotion to the work of bettering the schools of the city and the fact that she is the only woman likely to gain sufficient votes to place a woman upon the school board are all points in her favor, and it is a practical certainty that she will be re-elected by a sweeping majority.

George Gross is assured of re-election as city auditor. His opponent is William F. Serb, a Socialist, and as no Socialist has been elected in the present campaign, Serb will receive only the sparse Socialist vote likely to come out where

SUCCEEDS BAILIFF UNDER DISCIPLINE

Corporal J. Murray Detailed to
Take the Place of
J. Flynn.

Corporal John Murray, for 22 years a member of the police department and court officer for the past eight years was detailed by Chief Walter J. Peterson as bailiff of Police Court No. 2 to take the place of Corporal James Flynn who is being disciplined for neglect of duty. Murray has more years of service than almost any of his associates, there being only three or four with longer records of good service. During his work as court officer Murray has subpoenaed more witnesses and summoned more men on juries than perhaps any officer who ever worked in Oakland.

Murray's place as court officer and jury getter will be taken by Corporal John Duffon. Corporal Flynn has been detailed for duty in Melrose.

No principle is involved in the election. Gross record as city auditor and city assessor will bring out a large vote in his favor, as since his incumbency there has never been any valid criticism of his office.

The two fights that may develop possibly of a real contest are those being made by School Director, M. B. Bronner, and F. B. Cook, to retain their places. Bronner received only 640 votes at the primary out of a total vote of more than 16,000. Mrs. Harriet Hawes who qualified as his opponent received 3498. It is almost a certainty that the Socialist vote approximating 2500, will be cast solid for Mrs. Hawes as the Socialists vote against the administration candidates. Dr. Kirby Smith received over 2800 votes. The fight will be made for the distribution of these 2800 votes and Bronner and Mrs. Hawes are waging a battle royal to bring them into camp.

F. B. Cook is also worrying about his candidacy. Mrs. Agnes Ray polled a good vote and it is expected that the considerable vote of the women will go to her.

HAS FOOT CUT OFF UNDER CAR WHEEL

While running to catch a Key Route train at Twelfth and Jefferson streets at 6:50 this morning, Ernest Brodrene, of 1319 Jefferson street, had a portion of his right foot cut off under the wheels of the cars. Brodrene made an attempt to jump on the moving train and slipped, his foot being caught by the wheels and badly mangled. He was taken to the Receiving hospital, where the toes were amputated. Dr. A. C. Smith operated on the injured man. Brodrene may lose the entire foot as a result of the accident. He is a clerk employed in San Francisco.

JORDAN'S CLERK HALTS INQUIRY

Mrs. Anita Brewer Declines to
Answer Questions Con-
cerning Finances.

SACRAMENTO April 25—The legislative investigation into the office of Secretary of State Frank C. Jordan was brought to an abrupt halt last tonight, so far as the star witness, Mrs. Anita Brewer, clerk in Secretary Jordan's office, was concerned by her flat refusal to answer questions pertaining to her financial affairs and the committee has

decided to appeal to the legislature on a question of authority.

A request was sent to both houses to decide whether it was within the power of the committee to punish the witness for contempt.

Secretary of State Frank C. Jordan spoke last night in his own behalf before the joint legislative committee investigating the conduct of the office. His statement was brief and to the effect that during his incumbency six persons working in the department of state had given to the state 10,000 extra hours, earning without extra compensation \$10,000 for the state.

Before Jordan was permitted to give his views argument was advanced by Special Attorney Theodore Roche, that Jordan should not be allowed to tell what had been the custom of his predecessors in office regarding the practice to which the House of Representatives objected on the ground that Jordan should be competent to judge of the propriety of the law in conducting his office and that only his own acts as secretary of state were under investigation by the committee.

ing, though not accounted as evidence.

Secretary Jordan said in part: "Let it go into the record that when I entered upon the discharge of the duties of my office I found it was the practice and custom of my predecessors to allow work not required by law to be performed and charged for officially, to be done by clerks after office hours, and to retain the money received for such work."

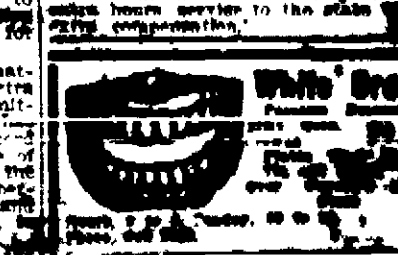

"While you are inquiring into the matter of furnishing lists and doing extra work, and claiming that by my permission the same to be done, I am going to be the loser. Let it go into the record that the state has had the assistance of persons in my office, doing work the state should have provided help to perform, who have earned for the state and have rendered services for the state, the value of \$10,000."

few minutes Mrs. Brewer has been

ing outside work during the day after hours. Mrs. Brewer has been

work. "Let it go into the record that in my office for the period I have served, there were 5100 office hours, that during those hours the state has received

of the house that I have a right to work in the state before a 10 and after 4 o'clock. It can be ascertained that the state actually given in it, a large number of hours service to the state during the investigation."

**Apply Intelligent
Treatment
to Constipation**

CONSTIPATION seems to the ordinary person a very simple thing. He doesn't worry about it, takes any old remedy, and considers himself cured. The reason for this is that the many advertised articles try to impress upon the public how easy it is overcome with their product. One has a candy, another a tasteless tablet or a salt, and another a fountain syringe.

CONSTIPATION cannot be cured with a rubber hose, nor is every remedy good for your complaint. Your bowels should move every day, and they should move in the morning before your business day begins. There should be a quick action, without discomfort, and no continuous reminders that you have taken something. There is such a remedy—a natural remedy, too—HURSTADT JAMES WATER, PURE, SURE and SAFE. Take it as a glassful on an empty stomach; it acts within an hour or so. Get a bottle at any Drug Store to-day.

HISTORIC FRIGATE AFLAME IN RIVER

95-Year-Old "Granite State," Formerly "Alabama," Seriously Damaged.

NEW YORK, April 25.—The 95-year-old frigate Granite State, the largest wooden vessel ever built for the United States Navy, which seemed doomed by fire breaking out aboard her in the Hudson river at midnight, was saved from destruction early today, but not until serious damage had been done throughout the forepart of the veteran war ship.

Cliff-dwellers in the hundreds of large apartment houses skirting the Hudson watched from their windows and roofs the uncommon spectacle, for with smoke and flames suffusing the port holes for nearly three hours it was a realistic reminder of the naval battles of the civil and Mexican wars in which the Granite State formerly known as the Alabama, and known as the Alabama, took part.

Roofed over like a mammoth houseboat, the old warship has rested for the last few years at a permanent anchorage off Sixty-ninth street, where it was used as an armory by the first battalion of the New York Militia. Seventy militiamen, asleep in their hammocks, were aboard when the fire under great headway was discovered in the paint shop. Twenty-five of the men plunged to the hold of the vessel and carried out two tons of ammunition and then all hands fought the flames.

Ten men were partly overcome by smoke and one was forced to leap into the river, but he swam ashore. The city flames, with streams from the land, and a fire boat finally checked the flames.

The Granite State was built at Kittery, Maine, in 1818, and rebuilt in 1863 after she had been partly destroyed in an engagement in the Civil War, but she was soon sent out of commission as the battle between the Monitor and the Merrimack had demonstrated that wooden ships were obsolete.

PIONEER OF PAJARO ANSWERS LAST SUMMONS

WATSONVILLE, April 25.—George H. Pardee, one of the oldest pioneers in this city, was buried here yesterday. He was 83 years of age and had lived here since 1854. He was a former member of the state legislature, a city councilman, a school trustee, leading Odd Fellow and one of the most prominent residents of the community. He was active in business life up to the time of his death. He was the founder of the first gas company in this section of the state and at the time of his death was considered wealthy.

J. D. MCCARTHY BECOMES NEW PROBATION OFFICER

J. D. McCarthy was yesterday announced by Judge F. E. J. as the successor to Hugh Hogan, who resigned from the probation committee after being actively identified with the work for six years. The new officer takes up his work on May 1 when Hogan's resignation takes effect.

TO SEND DELEGATION TO BATTLE CELEBRATION

SEATTLE, April 25.—Washington has a few more than 150 participants in the battle of Gettysburg, who will be sent East, all expenses paid by the state, to join in the celebration July 1 to 3 of the fiftieth anniversary of the great struggle.

Your Child's Health Your First Thought

If you have children, naturally your first thought is for their health. You certainly want them to develop strong, healthy constitutions. The most careful attention must be given when children show the first symptoms of the many common ailments. Perhaps they are weakly and thin, or grow too fast, thus straining strength. These and other apparently minor ailments may be the forerunner to a weak constitution. It is such children need Jayne's Tonic Vermifuge, which is essentially a children's tonic. First of all, it will properly care for the child's stomach. It will also improve the appetite, and will add strength to the other organs of the body. In cases of thin or impure blood, it increases the number of red corpuscles, enabling the rich blood to keep the body healthy and strong.

Among the most common ailments that children develop is that of a disordered stomach, leading to an impaired digestion. In many cases this trouble is due to parasites in the intestinal tract. To correct such trouble, Jayne's Tonic Vermifuge is unsurpassed.

For more than thirty years millions of children have been restored to health through the use of this tonic. It is sold upon Jayne's, accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

1906 DISASTER IN BOOK FORM

Splendid Volume Becomes
Textbook on Relief Work;
Many Chapters.

A splendid tribute to indomitable American pluck and at the same time a valuable compendium of information calculated to benefit social workers has just reached California in the form of a book published for the Russell Sage Foundations by Survey Associates N. Y., formerly the Charles Publication Committee.

The book undertakes to tell clearly and completely the organization and methods of relief used after the earthquake and fire of April 18, 1906, in San Francisco and consists of 510 pages with 80 striking illustrations. Carefully compiled and authoritative statistics make the book invaluable as a work of reference, while the story of "how brave men and women achieved the seemingly impossible, is enough to send a thrill of pride through the veins of every American.

People specially qualified to conduct the inquiry and analyze the material gathered have compiled the book, among them Dr. Charles J. O'Connor, secretary of the board of trustees of the relief and Red Cross funds, Francis H. McLean, secretary of the American Association of Societies for Organizing Charities, Helen Sweet Artledge, secretary of the business committee of the Rehabilitation Committee, Dr. James Marvin Motley of Leland Stanford University, Dr. Jessica Felatio of the University of California and Mary Roberts Coolidge of Leland Stanford University.

USEFUL AT DISASTERS.
Demonstrating the practicability of the book, advance copies have already been used by the relief committees at Omaha, Dayton and Columbus, as a means of avoiding mistakes and striking the swiftest and surest route to assisting the flood sufferers.

Tribute is paid to the magnificent efforts of the committee which was formed here and in San Francisco immediately after the disaster, to Dr. Edward T. Deane, as the representative of the American National Red Cross, to Ernest P. Bicknell and to the United States Army.

The "San Francisco Relief Survey" is destined to call to public attention the importance of the "science of assistance" and as such it should prove one of the books without which no library can be complete.

In the list of cash contributions received by San Francisco following the disaster, the interesting note is made that Japan led all countries with a donation of \$24,900.10, almost twice as much as that received from any other outside source.

WAS SECRETIVE ABOUT CHILDREN

Introduced Quintet, One at a Time, After the Wedding Ceremony.

Whether or not it is a statutory offense to have children and keep the fact concealed while paying court to a woman's love is the delicate question placed before the courts by Mrs. Johnnie L. Johnston, who has brought suit for divorce against Robert L. Johnston. She alleges that her husband had five children at the time he became her wife, but he kept the existence of these children a secret from her until after the wedding. Then he introduced his family one at a time.

Other unhappy couples who have applied for divorces in this county are:

Minnie Bell Allen from Victor Allen, a father. She alleges she was married at the tender age of 15, and the very next day after the wedding her husband, she alleges, told her he did not love her.

Feodor Mohr from May Muhr, alleging that his wife flirts with other men.

May Wood has asked to have her marriage to Henry Wood annulled on the ground that he had not secured his final decree of divorce from his first wife when he married a second time.

H. J. Fisher from Edna Fisher on grounds of infidelity.

Maud L. Bonner was granted her final decree of divorce from Ira Bonner.

TO MARK NEW CAROLAN MANSION WITH BIG FETE

HILLSBOROUGH, April 25.—Mr. and Mrs. Francis J. Carolan and 200 of their society friends will celebrate Saturday afternoon the commencement of work on the Carolan's million-dollar mansion, at an outdoor fete. The affair will be one of the most novel of the season, with a band in attendance, dancing in a big pavilion and a reception under the oak trees.

The Carolans recently purchased for \$300,000 a 1000-acre tract back in the foothills, which they plan to convert into the most magnificent estate on the peninsula. Landscaping engineers brought by from Europe are laying out the grounds. The Carolans will depart shortly for Europe, where they will make further study of famous castles and embody their own ideas in their new home.

12,000,000 U. S. COOK BOOKS ARE PRINTED

WASHINGTON, April 25.—More than 12,000,000 copies of the various "cook books" prepared by the Department of Agriculture, the latest of which is one on how to serve mutton in a number of delectable forms, have been issued since this line of government activity began. By far the largest number published was of a bulletin on the economic use of meat in the home, which ran up to the enormous total of 2,125,000. Congress had printed a half million copies in addition to those distributed by the department.

By the bread-making pamphlet nearly a half million have been distributed, and of the cheese leaflet almost 300,000 have been sent out. Of the mutton bulletin just out 50,000 copies have been ordered printed for initial distribution.

SEWING CLUB MEETS TO HEAR ART DISCUSSION

The second meeting of the Lillie Sewing and Social Club was held Wednesday at the residence of Katharine McEwen, 1642 Thirty-fourth avenue, president of the Lillie Club. The afternoon was spent with work and giving new ideas in the line of art, especially needlework. Refreshments were served. Those present were Mesdames Catherine McEwen, Annie Spradlin, Katharine Kunze, Venilia Parker, Catherine Loe, May Thompson, Bernice Stevenson, Silvia Coyle, Sarah Spradlin, Minnie Peterson, Camille Steinbeck and the Misses Jean McEwen and Cecilia Loe.

WOUNDED MEN MAY LIVE, SAY DOCTORS

PALO ALTO, April 25.—Antone Anderson, town trustee of Mayfield, and Ernest C. Klevesahl of the Mayfield brewery, the two men who were seriously wounded while they were assisting Marshal Bradshaw in a battle with a maniac in Mayfield last night, are in a precarious condition at the Peninsula Hospital. The doctors handling the case say that there is a chance they will recover. All attempts to identify the body of the slain maniac have been unsuccessful.

CIVIC ASSOCIATION

WILL AID BOARD

Offers to Help Supervisors in Fixing the Tax Budget.

The Alameda County Civic Association at a meeting last night decided to offer its services to the Alameda County Board of Supervisors during the fixing of the tax budget for the coming fiscal year. Dr. H. E. Duesman, Dr. G. E. N. Clow and Dr. Carl Wallister were named a committee to offer the supervisors the assistance planned. The members of the association will ask the privilege of sitting with the board when the tax rates are fixed, and will urge a system of reducing the taxation.

The matter of securing county valuation maps, to be printed for use in the assessor's office and for the public at large, was taken up last night. Vigorous demands for these, and criticism of the state legislature for not having taken the matter up, were made. Members of the legislature contend that it is a matter for the county supervisors to act upon, and a law is at present being framed to allow this. Charles F. Gorman presided at the meeting.

That the civic association is not cognizant of the facts surrounding the legislation over the publicity maps is hinted in letters sent by Speaker C. C. Young of the assembly and Senator A. H. Bredt. Both legislators declare that, contrary to reports which have been circulated, they are in favor of the maps, and are doing all in their power to further the plan.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription

This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Osgood Brothers under an absolute guarantee to refund the money if it fails. Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely. Be sure to ask the druggist for the double strength othine; it is this that is sold on the money-back guarantee.

GIVES SPLENDID PERFORMANCE AT PLAYERS' CLUB

MRS. PEARL KING TANNER.
—Hartsook photo.

The excellent production of "The Tragedy of Nan" and "La Pompadour" by the Players' Club across the bay last evening called out a large attendance of Oakland folk who rejoiced in the splendid presentation of the leading part in "Nan" by Mrs. Pearl King Tanner of this city. Mrs. Tanner is prominent socially on this side of the bay, and her dramatic ability has frequently given pleasure to her friends. It received a fitting recognition last night in the role of "Nan," which calls for tragic and histrionic gifts of no mean order.

The story of the play is a depressing one, beginning with the hanging of Nan's father for a crime of which he was not guilty and showing later Nan's life with her uncle and a nagging aunt who brings about the transfer of the affections of Nan's beloved to her own daughter, who has a large dowry and no chest of a lung father to darker the wedding day. Nan knows of his defection and is heart broken. On the heels of his engagement to Jenny word comes that the sheep stealer for whose crime Nan's father was killed has confessed, and the government has sent Nan £50 blood money. With this dowry the false lover comes back, Nan tests him by saying that he may have her but the dowry is to go to Jenny. When he hesitates Nan stabs him to death and goes out to drown herself in the high tide.

"They will find strange fish in their nets tomorrow," she says as the curtain falls.

The intensely emotional part of the heroine offered abundant opportunity for the acting ability of Mrs. Tanner, and the other members of the cast were equally good. Mrs. Rowena Danahauer as the nagging aunt and Joseph Macaulay as the vacillating young farmer being especially worthy of note.

Mrs. Jeannette Alferitz won the honors in the title role of the one-act play "La Pompadour," and made the spirit of her part vividly realistic. A large audience greeted the players. The Players' Club is one in which a number of society folk take a keen interest.

BLIND MAN KNOCKED DOWN BY AUTOMOBILE

While crossing the street at Fourth and Broadway yesterday afternoon, William Sipperly, a blind peddler, was knocked down by an automobile driven by J. W. Sanford, of Warm Springs. Sipperly was taken to the Receiving Hospital, where it was found that the side of his head had been badly lacerated and bruised. The injuries were not serious, however, and he was sent to his home at 404 Franklin street.

CRACKSMEN BLOW LARGE SAFE OPEN

Expert Burglars Secure \$530 in Carefully Planned Robbery.

SAN FRANCISCO, April 25.—A band of organized cracksmen raided the Hoffman Cafe, 39 Second street, some time during the early hours of the morning and blew open a large safe in the office with nitro-glycerine. Apparently no one heard the detonation, as no report was made to the police and the robbery was not discovered until Samuel Bernhardt opened up at 6:30 a. m. He found that the safe had been destroyed. The doors were hurried across the bar and the contents of the interior compartment were strewn about. The cracksmen had contented themselves with taking a sack of gold coin containing \$530. They had evidently carefully planned the robbery. The padlock on the Stevenson-street side was pried off and the panels of the door cut out.

Joseph Zanetta, one of the proprietors, closed the place at 8 o'clock last night. The cafe has been run since before, but on a previous occasion the safe resisted efforts to open it. The burglars last night bored holes and then showed that experts had done the work.

OAKLANDER TELLS WEDDING SECRET

Ernest A. Peterson Weds Miss Ada McCullough of Walnut Creek.

A romance has come to light with the announcement of the marriage of Miss Ada McCullough of Walnut Creek and Ernest A. Peterson of this city, which took place in San Rafael last May. The matter was kept a secret from the many friends of the couple until today, when the sister of the bridegroom announced the news.

Mrs. Peterson is the daughter of Mrs. A. S. Peterson and has lived in Walnut Creek for many years. She met Peterson when he visited Walnut Creek on a business trip, and the friendship thus formed ripened into love. The wedding in San Rafael followed, but the couple did not announce the ceremony.

The bridegroom is the son of Mrs. I. Peterson of 1610 Fourteenth street. The couple will make their home in Oakland.

Ernest Peterson is a well-known Oaklander. He has been in the city since he was a boy and has been a member of the local Y. M. C. A. for many years. He is now employed in the city of Oakland.

CAMPBELL'S WINTER CHASER The Furnace That Lasts

LASTS—that's a big point! Of course you want a furnace that does the work right—a furnace that gives plenty of even reliable heat, but it must do the work for a long time.

That's why a Campbell's is an investment—it is an asset that gives steady returns all through a lifetime—returns in guaranteed heat, when and where you want it, no matter what the weather.

Heating Insurance

Do you realize how much this means? Good heat—not only part of the winter but all the time! It insures you against the dangerous delays of "thinking" with the furnace. Many a sickness is traced to the fact that the furnace "got out of order" in the middle of a cold spell.

You are saved this possible sickness and discomfort—to say nothing of the repairs and other expenses avoided by the sturdy strength of the Campbell.

Economy—the large firepot—the patent heat-retainer—the perfect damper arrangements—all are vital points of fuel-saving as hundreds of satisfied owners can prove.

Moist Air as well as warm—this is the result of the extra large reservoir which thoroughly moistens the air. There is no dry heat with its injury to nose and throat and damage to furniture and woodwork.

The Campbell is the only furnace made with a large door in the jacket which enables you to get in and clean the air chamber. With a Campbell there is no cobwebby, germ-laden air, full of dust and soot. And the ventilation is perfect—the floors warm, the air pure and clean.

We can install a Campbell in 24 hours and we guarantee it to work right and give the very limit of heating enjoyment. Get the booklet "Twice-A-Day." It explains a great deal that you must know before your heating troubles can be over.

ARRESTED FOR ILLEGAL SELLING OF LIQUORS

Rose Miller, proprietress of a house in the segregated district, was arrested early this morning on a charge of selling liquor in violation of the city ordinance. The woman was released on bail of \$200. Sergeant Frank Ahern saw a man trying to enter the place, and when questioned the man admitted that he had been sold liquor. Evidence was discovered in the place when Ahern and Patrolman Roscoe broke in.

BRONCHITIS PREVALENT

Brooklyn, N. Y., Man Tells of
of Best Remedy.

At this season of year, with such sudden changes, it is so easy to take cold, and almost before one is aware thereof, inflammation in the bronchial tubes—a hard cough and unless checked in time chronic pulmonary troubles may result.

Wilbur Adams of Brooklyn, N. Y., says: "A severe bronchial trouble contracted in January caused me much difficulty about breathing. My chest felt clogged up and there was considerable soreness, all of which made me quite uneasy, besides being very painful."

I tried different remedies without help, but I am glad to say that Vinol cured my bronchial trouble, which had lasted for three months. My breathing is all right now and the soreness entirely gone from my chest. Vinol contains the curative, healing principles of fresh cod livers (without oil) and tonic iron. We guarantee it to be delicious in taste and to satisfy you with its medicinal effects. The Owl Drug Company, Oakland, Cal.

NATIVE SONS TO HAVE BAY EXCURSION

Native Sons of Alameda county are preparing to attend the third annual bay excursion, which will be held under the auspices of Athens Parlor band on Sunday, May 4.

This parlor has been very successful in its recent excursions and nearly all who went on either previous trip will be on hand again. The excursionists will visit the naval training station on Yerba Buena Island, the fair site, Alcatraz Island, California City and Wainwright. Dinner will be served in Paradise Cove, where games will be played and prizes awarded.

Those on the committee are E. S. Babue, R. F. Garrison, C. Falchich, George Warnock, George Reier, J. H. Stevens, C. F. Corrigan, Al. Sungler and Charles Naylor.

NATION'S NEWSPAPER MEN GATHER AT N. Y. BANQUET

Secretary of Navy Daniels, Who Is Journalist, Addresses Associated Press Men

NEW YORK, April 25.—Members of the newspaper craft, publishers and editors from all sections of the country, gathered last night at the annual banquet of the Associated Press and the American Newspaper Publishers' Association, held at the Waldorf-Astoria, with the secretary of the navy, Josephus Daniels, owner of the Raleigh (N. C.) News and Observer, as the principal speaker just before the dinner began Secretary Daniels received the unwelcome news from Raleigh that his newspaper plant had been partially destroyed by fire. The secretary said that as soon as the banquet was over he would return to Raleigh, although he had intended to remain in this city over another night to attend the dinner to James Bryce, the British ambassador.

More than 700 exponents of the American Fourth Estate attended the dinner, together with a number of invited guests not engaged in journalism. A vaudeville performance given by professional entertainers preceded the speech-making. Speakers before Secretary Daniels included Charles R. Miller of the New York Times, toastmaster; President Charles A. Richmond of Union College, Charles H. Grasty of the Baltimore Sun, Norris C. Johnson of the New Haven Courier and Journal, Bernard H. Ridder of the New York Staats Zeitung, Congressman Frank L. Greene of the St. Albans (Vt.) Messenger and Dr. Geo. Alexander, chaplain.

COLLEGE PRESIDENT SPEAKS. Frank B. Noyes, president of the Associated Press, called the dinner to order. Charles R. Miller of the New York Times, the toastmaster, introduced President Charles A. Richmond of Union College.

"Neither college presidents nor newspaper men are as wise as they look," said Dr. Richmond. "Both have acquired the habit of saying many words, but in fact saying very little."

"If Benjamin Franklin should come in here tonight, and I know he would be a welcome guest, he would be greatly interested, but I fear that if

he should read any of your productions he would say 'they have nothing on me there.'"

Secretary Daniels in his speech, which charmingly alternated humor and seriousness, satirized among the presidents he singled out Lincoln and Wilson for "highest praise" because "each went outside of the field of politics to secure an editor as secretary of the navy."

A test of the secretary of the navy is whether he is a good managing editor," Daniels said. He reiterated a declaration of the new administration's policy welcoming publicity and inviting criticism through the press.

NOT MONEY-MAKING CONCERN. Charles H. Grasty described the Associated Press' position in the field of journalism, which he described as very general, that the Associated Press is a money-making corporation and explaining its co-operative membership of newspapers gathering and distributing news at maximum efficiency and minimum cost. The association prevents news-gathering from being controlled by private and commercial ownership, he declared.

CONVENTION OF WOMEN'S CLUBS PERFECT PLANS

Considerable interest is being manifested in the forthcoming convention of the Federated Women's Clubs to be held at Fresno commencing next Tuesday. A large delegation from the bay cities is expected to attend and special arrangements have been perfected with the Southern Pacific for the handling of those who will attend. It is expected that a majority of the delegates will use the train leaving Sixteenth street at 9:14 a. m. or the Valley River leaving Sixteenth street at 5:14 a. m. on Monday, April 28th. The former train will arrive at Fresno at 3:40 p. m. and carries a buffet car, while the afternoon train will arrive at Fresno at 10:05 p. m., carrying parlor cars and a diner. Special coach service will be provided if the numbers warrant it.

SCHOOL AND PLAYGROUND

O.H.S. SENIOR CLASS ELECTS NEW OFFICERS

Two senior classes of the Oakland High School elected officers recently, selecting Paul Roller, president; Beth Corrich, vice-president; Witter, secretary; Charles McNeil, treasurer, Frank Stewart, sergeant-at-arms.

The members of the graduating class announced that the annual force will be held in the Macdonough Theater, June 21. Charles Roeth was appointed its manager. The play has not as yet been decided upon. A committee consisting of Harold Blote, chairman; Helen Maher, Lillian Campbell and R. McNeil will make the selection.

The new officers of the junior class are Alison Stone, president, Preston Snook, vice-president; Lena Young, secretary; Raymond Montagne, treasurer, and Leonard McCauley, sergeant-at-arms.

HEAVY HITTING MARKS RECENT SENIOR GAME

The recent senior game of the playground teams was characterized by heavy hitting by the Bella Vista squad. Four three-batters and one home run were scored for the home team, while one and two batters were as far as the visitors' hits could carry.

Lester Cook, the pitcher for the Bella Vista Juniors yesterday pitched his team to victory in a shut out game. The final score stood 11 to 0 in favor of the home team, with only one hit to the visitors' credit.

RECORDS MADE BY FORMER STUDENTS

EARL BOWEN.

Earl Bowen, former track and football player of Oakland High School, was among the rooters at the last intercollegiate meet, which was held on the University oval in Berkeley.

Many of the graduates of the Oakland High School were admitted this semester to the Phi Beta Kappa honor society of the state university. Among them were Katherine Kelly, Ralph Wadsworth and Henry Brock.

The following boys who received their shekings from the Oakland High School are attending the college of farming at Davis: Deming MacLae, Mike Smith, William Dunn and Carroll Wright. Howard Sargent of the June 12 class, is in Mendocino county on a surveying expedition. Bernard Frisbie has won his numerals in pole-vaulting and Leslie Stephens has been elected captain of the Freshmen baseball team at the University of California.

'HALL' RULES ARE ADOPTED BY O. H. S.

To secure order in the Oakland High School, the government committee will enforce "hall" rules which, if violated, will cause the student to appear before the committee.

The new edicts have been announced as follows:

Running in the halls or on the stairways is not permitted. Four or more persons may not walk abreast, because of the narrowness of the halls.

Persons shall not block the traffic in the halls or on the stairways by standing to talk.

Screaming, shouting or any other objectionable noises, resulting in confusion or disorder, are not permitted.

Continued promenading over short stretches of the hallways, which causes overcrowding, is not permitted.

From 12:05 until 12:50 the halls are to be in the possession of the girls, and only such boys as are proceeding directly in or out of doors, to or from rooms, are permitted in them, and for boys to sit at the windows in the halls is not allowable. Furthermore, for the benefit of the girls, the second, third and fifth rules may be suspended at this time.

TO GIVE LECTURE ON 'PASSION PLAY'

Miss Anna F. Brown to Illustrate Subject With Fine Views.

Miss Annie Florence Brown will lecture at the Manhattan school house, Twenty-fifth avenue and East Twenty-seventh street, tonight under the auspices of the Latham Terrace Improvement Club. The topic of the lecture, which will be illustrated by stereopticon views, will be the "Passion Play at Oberammergau." The members of the board of education, who have been invited to be present, have accepted the invitation and will attend in a body.

Miss Brown has made a special study of this beautiful play and its teachings and her intelligent and entertaining discussion of it will be a treat to her hearers.

Following the lecture the club will consider plans and methods for the improvement and beautification of the school grounds. Oscar A. Prager, landscaper, gardener of the board of directors, will be present and advise with the club directors.

Clement H. Miller, president of the Latham Terrace club, will preside.

ERUPTION ITCHED AND BURNED

Little Pimples on Face and Arms. Festered and Came to Head. Always Scratching. Cuticura Soap and Ointment Completely Cured.

215 East Chapel St., Santa Maria, Cal.—"Three years ago I was troubled with little pimples on my face and arms. They looked like little red streaks across my nose. The pimples festered and came to a head. For a long time they itched and burned me so that I was always scratching them. My clothing irritated the eruption on my arms. I tried several kinds of little cures but they did not help me, so I thought I would try using Cuticura Ointment and Soap. After several treatments I found quick relief. Before going to bed at night I would wash my face and arms with hot water and Cuticura Soap and in the morning I would use the Cuticura Ointment. I was completely cured." (Signed) Wm. Nelson, Jr.

ECZEMA SPREAD OVER HANDS

Monterey, N. M.—"My eczema started with a lot of little itching bumps on my forefinger below the knuckle. It itched at night and I couldn't sleep. It continued spreading all over both of my hands and arms. It was sore and itched. I could do no work. A friend of mine saw my hands and recommended Cuticura Soap and Ointment. As soon as I applied the Cuticura Soap and Ointment my hands commenced to get easier and in one week I was entirely well." (Signed) Mrs. Mary McNeill, Nov. 15, 1912.

Cuticura Soap 25c, and Cuticura Ointment 50c, are sold every where. Liberal sample of each free on request. Write for it. Address: Cuticura, Dept. T, Boston.

PHYSICIANS WILL ATTEND CONGRESS

Oakland to Be Represented at International Hygiene Gathering.

Oakland Physicians who have been selected to represent this city at the fourth annual International Congress on School Hygiene, to be held at Buffalo, August 25 to 30, inclusive, have received information as to the notable gathering of men and if the splendid program arranged for the affair. The Oakland delegation is composed of Drs. E. N. Ewer, C. A. Dukes, N. H. Chamberlain, N. K. Foster and H. G. Thomas.

All the leading nations, every state in the Union, every college and university of note and various other leading educational, scientific, medical and hygienic institutions and organizations, as well as various women's organizations, will be represented at the congress.

President Woodrow Wilson has accepted the honorary office of patron of the congress. The president of the congress is President Emeritus Charles W. Eliot.

It is the aim of the organizing committee in charge to bring together at Buffalo a record number of men and women interested in improving the health and efficiency of school children, and to make this congress—the first of its kind ever held in America—one of direct benefit to each individual community.

RE-ELECTED PRESIDENT OF DAUGHTERS OF 1912

WILMINGTON, Del., April 25.—Mrs. William Gerry Slade of New York was re-elected yesterday president of the National Society, United Daughters of the War of 1812, at the closing session of the society's annual convention with the exception of treasurer, to which Mrs. Cynthia Alexandria of Mississippi was chosen, all the other officers were named.

Little Rock, Ark., was unanimously chosen as next year's convention city.

CURED CAPT. BURT'S ECZEMA FOR 50c

Had Spent \$1000 in Vain, Then a Jar of Resinol Cured Him

Franklin Burt, of 31 Fulton St., New York, late captain in the U. S. Army, and a man whose standing makes his word absolutely beyond question, gives the following account of his cure by Resinol.

"I became afflicted with eczema twenty-five years ago. I did everything for it, but the itching and burning was so intense and continual that in 1893 I put myself in the care of a specialist. The cure was of little or no benefit. Doctor said 'Get a Box of Resinol.'"

"About 1898 I called on the doctor to cure me. He said, 'Get a box of Resinol Ointment.' I got it. The itching stopped as if by magic. By the time the jar of Resinol was all used the cure was perfected. I expended perhaps a thousand dollars, and endured real suffering for many years, and at last was relieved and cured in a month for the sum of fifty cents, the price of one jar of Resinol."

Better proof, even than such a letter, is to try Resinol yourself and see how quickly the itching stops and how soon the scalp eruptions disappear. For free trial, write to Dept. 15-T, Resinol, Baltimore.

Every druggist sells Resinol Ointment (50c and \$1) and Resinol Soap (50c).

WOMAN IS HURLED FROM AUTO SEAT

Regains Consciousness Hours Later and Is Taken to Hospital.

SAN FRANCISCO, April 25.—Pitched from the rear seat of an automobile while riding in Golden Gate Park at an early hour this morning, Maud Gerald, a 25-year-old, inclusive, has received information as to the notable gathering of men and if the splendid program arranged for the affair. The Oakland delegation is composed of Drs. E. N. Ewer, C. A. Dukes, N. H. Chamberlain, N. K. Foster and H. G. Thomas.

All the leading nations, every state in the Union, every college and university of note and various other leading educational, scientific, medical and hygienic institutions and organizations, as well as various women's organizations, will be represented at the congress.

the balmy air tempted the party to leave the machine and walk along beside the ocean. It was after midnight when they re-entered the car and began to speed along the main drive on the return trip.

Miss Gerald was sitting in the rear and, remembering only that a sudden spurt of speed sent the auto ahead, causing the large car to lurch from side to side. She can recall nothing more until she opened her eyes and discerned in the moonlight a sign reading, "To Slow Lake."

She took the path and wandered along the shores of the little lagoon and finally found her way to the Elgin avenue entrance, where she boarded an Owl car.

Nothing that her face and clothing were covered with blood, stopped the car in front of the Richmond station.

From there she was taken to the Park Hospital, where Dr. Terrill dressed two deep lacerations of the scalp and a cut on the nose. Later Miss Gerald was transferred to the Central Emergency Hospital.

Although able to give a few details of her experience, her mind had not cleared sufficiently for her to remember the names of her companions on the night ride.

It was 4 a. m. when the police station was reached and the young woman declares that it could not have been later than 1 a. m. when the accident occurred.

TO HAVE MAY DAY FETE ON CAMPUS

The annual May-Day Festival at Mills College will be celebrated tomorrow on the college campus by the students of the senior class. Hundreds of guests from the bay cities will witness the out-of-door fete, which is one of the features of student life at Mills. Interpretative dancing in costume against the background of lawn and trees will make a picture of springtime beauty of the department of physical education will have charge of the dances.

Miss Alice Coleman of the graduating class will contribute the prologue and introductions to the dances, and will add vocal solos during the afternoon's performance. The gowns of the participants will add beauty and color to the scene. They have been designed and arranged by Miss Ethel Rozzone of the senior class. To all friends of the college a complimentary invitation to attend the fete is extended.

JURY STIRS UP POLICE GRAFT

HEAP

Confidence Men Tell Story of Alleged Plot to High Tribunal.

Accused Officers Will Have Chance to Tell Stories to Investigators.

SAN FRANCISCO, April 25.—The sensational investigation into the charges of graft in San Francisco's police department and collusion between detectives and an organized gang of bunco men was brought to a head this afternoon when the grand jury assembled to make a formal investigation into the entire affair.

District Attorney Fickert has taken charge of the inquiry and from the county jail the three confessed confidence operators, Maurice De Martini, Frank Du Bois and Frank Cordona, alias Corrigan, have been brought. The balance of the day will be taken up in listening to their revelations.

In the time allowed former Assemblyman Dingro, who is supposed to be able to corroborate some of the allegations of the band, will be called.

POLICE NOT CALLED.

None of the eight accused officers has been summoned to appear, but District Attorney Fickert declared today that any who desired to make a statement for the benefit of the grand jury would be permitted to do so. Those who it is thought will avail themselves of this privilege are Sergeant James McGowan, Detective Sergeant Macpherson and Patrolman Charles Taylor, all of whom talked freely and fully to the board of police commissioners yesterday afternoon.

Simultaneous with today's secret inquiry here Assistant District Attorney Berry and McGowan journeyed to San Quentin to interview Mike Gallo and Emil Thessa, also members of the Di Pietro gang, who have made grave charges against the police and whose story is, if anything, more remarkable than that told by the trio at the county jail.

CHITTO TO TELL STORY.

In addition steps were taken this morning by District Attorney Fickert to learn the story of Luciano Rovigo, known as "Chitto," who was recently turned over to the St. Louis police. Chitto was about ready to turn state's evidence when in custody here, but the insistence of the Missouri authorities, who had a good case against

EAST BAY "AD" MEN RALLY AT GET-TOGETHER BANQUET WELFARE AND GROWTH OF ENTIRE DISTRICT IS SLOGAN

SAN FRANCISCANS ARE ENTERTAINED

Harmony Between Two Cities Is Keynote of "Love Feast."

The "get together" spirit, which is bridging the bay and bringing its two greatest cities into closer harmony and more active co-operation, was again the ruling force when the advertising men of Oakland and San Francisco met at the Hotel Oakland last night at one of the largest affairs ever given by the Oakland Ad Club.

Harmony between the two cities was the keynote of the evening, and good fellowship ruled. The affair was of particular interest as being the first big "get together" affair of its kind ever held at which women were present. The "ad" men bringing as their guests, their wives and women friends.

Song, story and speech whirled away the several hours spent in the grill room. Some of the most successful "stunts" ever seen in the local world on the program, and besides being the occasion of hilarity, the big event of last night marked the cementing of a friendship between the publicity forces of the bay region which will mean a united effort in advertising the bay and its region for the success of its efforts.

The movement started by the "Hands Around the Harbor" banquet of a few weeks ago was given its first powerful impetus by the dinner of last night, and the Oakland Advertising Association is today receiving congratulations for the success of its efforts.

Welfare and Growth of the Bay District was sounded by President Fred L. Hall of the Oakland "ad" men as the primary object of the affair. "There may be many things in which we differ," he declared, "but the general object is the same. The one purpose underneath it all is the great force that, uniting us, will accomplish its object, is the desire to do in the welfare and development of this region. Unity of purpose is the secret of success. Let us get together—know, one another, extend the hand of fellowship and work, one and all, together and systematically, for the upbuilding of our home—the bay region. Promote in harmony! Without harmony we cannot promote at all."

Many guests present. Over three hundred guests sat down to the banquet last night at round tables beautifully decorated with flowers. Along the walls were the advertising display, the decorations. Novel posters, famous examples of advertising, and a huge display showing the growth of THE OAKLAND TRIBUNE from the small sheet founded years ago, when the late William E. Dargie first began publication of the paper, to the great newspaper of today were exhibited. Step by step the display showed the progress, ending with the exhibition of the great Sunday edition, showing its different sections. This was flanked by copies of the morning and evening editions. Besides these, the San Francisco, Richmond, Berkeley and three Oakland editions. This display attracted considerable attention, and was highly praised by the advertising men who inspected it.

Many novel souvenirs were given the diners. Playing cards bearing advertising designs, colored paper caps, bags with advertising slogans on them, reproductions of newspapers printed on paper napkins, menu cards and copies of the songs of the evening were found at each place. Besides these, each guest was presented with a copy of the great TRIBUNE almanac.

SPECIAL TRAIN. The guests arrived in a special train furnished through the courtesy of L. Richardson, local representative of the Southern Pacific and himself an active member of the Ad Club and other Oak-

land boost organizations. They were taken for a ride about Oakland in autos, arriving at the hotel at about 8 o'clock, in time for a reception held before the banquet.

Popular songs, parodied to sing the praises of advertising and modern publicity methods, were sung in chorus during the evening, each guest being furnished with a copy of the words. An interesting musical program was heard during the dinner, Miss Pauline Schommer, Mrs. Lee Bertillon, Mrs. Rollin Fitch, Mrs. George Coolidge, Miss Helen Messey and William Wright Jr. rendering selections as the evening wore on. Following the musical program the "stunts" were produced.

ABER AS "GIRL." Louis Aber, attired in feminine raiment, made one of the hits of the evening with a falsetto discourse on suffrage. Kenneth Milligan caricatured an Englishman and delivered a burlesque discourse on advertising. Max Horwinski did a German specialty. Carl H. Nickel impersonated a "drunk" and was greeted with continuous bursts of laughter as he struggled to make a speech and maintain his balance at the same time. W. W. Cribbens did a "rube stunt." L. A. Hearin and Glenn C. Barnhart, the latter acting as toastmaster, also were heard in humorous talks.

The musical program was as follows: Violin solo.....Selected. Miss Pauline Schommer. Miss Gertrude Schommer, accompanist. Solo, "Song of the South," Joseph Carl Brel. Mrs. Lee Bertillon. Mrs. George Coolidge, accompanist. Solo, "The Lonely Road,".....M. Fox. "Love Me if I Live,".....Arthur Foote. Mrs. Rollin Fitch. Miss Annabelle Jones, accompanist. Solo, "The Polka,".....Mignon. Mrs. George Coolidge. Mrs. Melly Chase Williams, accompanist. Solo, "King Charles,".....Maud Valerie White. William Wright Jr. Mrs. William Wright Jr., accompanist. Duet, "Passage Birds Farewell,".....Eugene Fildach. Mrs. Rollin Fitch, Miss Helen Messey. Miss Annabelle Jones, accompanist. Trio, "That Old Girl of Mine,".....Egbert Van Alstine. Mrs. Lee Bertillon, Mrs. Rollin Fitch, William Wright Jr. Mrs. William Wright Jr., accompanist. EXTENDS INVITATION.

George M. Hyland of Portland, who was in Oakland as the special representative of the Oregonians on their trip to California and who is now in California in the civic interests of Oregon, extended hearty

invitation to the people of Oakland to go to the Portland rose carnival and assured them Oakland's hospitality would be returned in full measure.

Officers of the two associations, which met at the banquet last night are as follows: Oakland—Honorary president, W. W. Cribbens; president, Fred L. Hall; first vice-president, L. A. Hearin; second vice-president, M. J. Schoenfeld; secretary, F. D. Brown; treasurer, George W. Fitch. San Francisco—President, William Woodhead; first vice-president, R. C. Jewell; second vice-president, F. J. Cooper; third vice-president, J. Charles Green; secretary-treasurer, F. S. Nelson.

FIND "BELLBOYS' GHOST" IN HOTEL WATER FILTER

The water filter on the sixth floor of the Hotel Oakland, which furnishes the drinking water of the institution, turned out today to be the "bellboy's ghost," which for several weeks past has frightened the superstitious bellboys. The noise, which they had come almost to believe was the sound of a ghostly bellboy walking noiselessly, but clanking the ice in his pail of water, turned out only to be a piece of glass in the big filter.

For several weeks past the bellboys have noticed that when the room was locked sounds as of some one carrying a clanking pail of ice water could be heard. It was decided that this was "the bellboy's ghost." This morning a filter man came to take the machinery apart and the "ghost" was discovered.

WILL ASK FOR BIDS ON MUNICIPAL BOATHOUSE

Bids will be asked by the Board of Park Commissioners for the construction of the municipal boat house on the shores of Lake Merritt. The structure is to be erected in accordance to plans furnished the park board by the park architect. The sum of \$30,000 has been appropriated for the boat house. Bids are also to be asked for sidewalk around the lake. Elbert Vall, playground supervisor, will leave Sunday for a five months' trip in the East and Europe. While in the East he will attend the National Playground conference, to be held in Richmond, Va., as representative of the local playground commission.

VILLAGES ARE MENACED BY FLOODS

Situation in Louisiana Is Very Serious; Army of Men Strengthens Levee.

Horsemen Ride All Night, Giving Warning to People of Danger.

MELVILLE, La., April 25.—The main line of the Atchafalaya river east bank levee just north of Krots Springs gave way today. This crevasse will flood parts of Point Coupee and Iberville parishes.

RAILROADS THREATENED. The Frisco railroad between Baton Rouge and Opelousas and the Southern Pacific branch between Baton Rouge and Lafayette will be cut by the flood waters and the Texas & Pacific between Plaquemine and Melville will be endangered. The towns of Lattinola, Bowle, Lattinola, Lettine and Fardoch probably will be inundated.

WAGE NIGHT BATTLE.

NEW ORLEANS, April 25.—After a desperate all-night fight an army of 2000 men had strengthened the main line levee at Remy so that it held out against the Mississippi flood this morning. A driving rain fell during the night.

In the parishes of St. James and St. John the Baptist fine rice and perique tobacco plantations would be flooded and the Yazoo and Mississippi Valley railroad between New Orleans and Baton Rouge be put out of commission.

The situation at Remy still is considered critical. In the threatened district southward, however, all persons had been warned to flee by horsemen who started out soon after midnight. Loss of life, if the levee should break, probably would be negligible, but the property damage would mount into the millions.

Work on the old exit at Remy, which began crumbling yesterday afternoon, was abandoned at midnight and the army of laborers was transferred to an unfinished dike just in the rear of the old embankment.

SITUATION SERIOUS.

BRANDON, Man., April 25.—The flood situation here is growing serious and today the police authorities warned residents north of the Canadian Pacific tracks to prepare to make a hurried exit from their homes. The river has risen about two inches since last night and with the arrival of the flood water from Millwood a serious overflow is feared.

No Longer Cranky About His Meals

Has perfect digestion from the use of a well-known remedy that all can obtain.

The temper of the family and the good cheer around the table, depend so much on the good digestion of each individual, that the experiences of some former dyspeptic who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail, the next aid is one close to nature. Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant and in addition to helping in the digestion of the food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

In the opinion of such people as Mr. L. J. Quinn, 1117 Newport Ave., Chicago, it is the ideal remedy for indigestion, no matter how severe; constipation, no matter how chronic; biliousness, headache, gas, on the stomach, drowsiness after eating and similar annoyances.

Mr. Quinn says: "We use Dr. Caldwell's Syrup Pepsin as a family remedy and every member of the family from the father to the youngest of six children, to Mrs. Quinn and myself use it for stomach trouble, sick headache and to regulate the bowels."

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for fifty cents or one dollar, the latter

MR. L. J. QUINN.

size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing mints and tablets or of taking cathartics, pills and similar drastic remedies. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal.

If no member of your family has ever used Syrup Pepsin, and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed to you.

CONTRACT AWARDED FOR M.T. AND C.H. SCHOOL HOUSE

Leaving One Wing Unfinished
Permits Reduction in
the Bid.

McClmonds Recommends the
Acceptance of Plans for
Fruitvale No. 3.

By leaving the upper floor of one wing of the building unfinished the Board of Education last night decided that the new manual training and commercial high school as described in the plans approved and in bids submitted last week, could be kept within the funds available for the work, and, with this understanding, the contract was awarded to Williams Brothers & Henderson, the cost to be about \$297,038. The original bid of this firm was \$418,000 and the reductions made will amount to over \$200,000. Reductions were quoted in alternate bids, and the project of leaving a wing unfinished was suggested by City Architect J. Donovan as the final solution of the difficulty. The board has \$411,000 with which to do the work. This leaves a working balance for extras of over \$10,000, according to the figures of last night.

Donovan led a spirited fight to build the school as originally planned, and not by the substitution of cheaper material which, it was feared by members of the board, would be necessary when it was found how low the funds were. Superintendent McClmonds made this discovery when the bids were submitted. The shops, erected at a cost of \$30,000, are held responsible for the stringency. The present plan, however, will mean that the school will be adequate for all purposes for some time to come, and in the interim, as planned, the most elaborate building of its kind on the coast. The total cost of the land and the building will run to \$600,000, this including shops and gymnasium.

URGES DAY WORK.

Director Boyle urged that the bids for the work be segregated into smaller bids for different portions, and that the work be done by day labor. This, he declared, is a cheaper method. Donovan opposed the plan, declaring that in a large building this procedure is always the most expensive.

"With all respect to Mr. Boyle's opinion," said Donovan, "I believe his plan would not work here. We would have 22 segregated contracts, would lose money, and would lose time. This building, for instance, is larger than the Hotel Oakland."

Forrest moved that the contract be let as recommended. Boyle withdrew his objections, and this carried unanimously. "Thank the board for this co-operation," said Donovan, after the vote.

GIVEN VACATION.

Miss Martha Chambers, a teacher of the Cole school, was granted a six months' leave of absence.

Superintendent McClmonds recommended that Donovan's plans for the addition to the Cole school, No. 3 be accepted, with minor changes.

FOUNTAINS ARE ISSUE.

Business Manager Barker took issue with McClmonds over the question of drinking fountains, Barker urging that these not be placed over waste basins, and McClmonds urged this.

"It is in the yard, on a hot day, that they want to drink. The washbasins are good places for the waste water from these fountains as any others. Also the cheapness of the plan commands itself. You have to get sinks, anyway. Why not use them for two purposes?"

"I should say," said Dr. Kelly, "that the place to drink is the place where they wash their hands. At least, the boys will do it, rather than wait their turn at a regular fountain. I know I would."

The matter was put up to Chairman Orr and Director Forrest to decide. Bids for the building will be advertised.

TO FURNISH FILLING.

Whitmore & Co. were awarded the contract for filling at 12 1/2 cents per load, for the Grant school.

Barker reported floors in the high school in bad condition in spots. They will be repaired.

A resolution was recommended by Business Manager Barker that stationery be purchased direct from the postoffice, instead of through stationery firms, as has, for the sake of convenience, been done in the past. This was adopted by the board.

L. A. Rowley of Fruitvale offered a site for a playground at the Melrose Heights school. He offered a piece 125 by 200 feet for \$7500. This land, he said, immediately adjoins the school grounds. The offer was referred to the grounds and buildings committee.

UNITARIAN CLUB GIVES HOSPITAL BENEFIT MAY 2

MISS HELEN MOREHOUSE.

MISS MARGUERITE MCFADDEN.

For the benefit of the Children's Hospital fund, the Unitarian Social Club is to give "Facing the Music," a snappy comedy, in Starr King Hall, Fourteenth and Castro streets, on Friday evening, May 2. The entire proceeds will be devoted to the building fund of the proposed hospital and a large attendance is expected from those in sympathy with the movement and their friends.

Many affairs have been given under the auspices of the fund, memorabilia among which was the production of "Jap-land" and "Facing the Music" will be rendered by a cast made up of young people who stand high in amateur circles around the bay. Special scenery has been secured, rehearsals have been under way for a month and everything possible to make the affair a success has been done by Howard D. Renwick, the dramatic manager of the Unitarian Social Club, and his cast.

The well known Loughan Concert Trio is to have the musical program of the evening in charge. "Facing the Music" is the work of James Henry Darnley and has long made good the claims for its popularity. In the cast are:

The Rev. John Smith, Fred B. Thomas, John Smith, Howard D. Renwick, Dick Deane, Howard R. Springer, Col. Duncan Smith, Wells Whitmore, Mabel, wife of Rev. Smith, Miss Loretta Kingsley, wife of John Smith.

Miss Marguerite McFadden, Miss Helen Morehouse, Mrs. Whiting, Miss Ethel Clark. The children's hospital has been a long felt need and the prominent women who are in back of the movement have been unflinching in their efforts to increase the fund which the steady growth of the fund, it is believed that the institution will be well on the way to a realization within the next year. The committee, which is working with the Unitarian Social Club to make the affair a success, is composed of Mrs. Albert Eyles, Miss Edna B. Kennedy, Mrs. Harry Carlton, Mrs. C. H. Hubbard, Mrs. J. M. Crump, Dr. Mary Stuart, Mrs. Morris Behfisch and Mrs. F. G. Russ.

**CALIFORNIAN IS
HIGHLY HONORED**

Professor A. O. Leuschner is Made Member of National Academy.

WASHINGTON, April 25.—Dr. William L. Welsh of Johns Hopkins University, was elected president of the National Academy of Sciences here at the closing session of the academy's fiftieth anniversary meeting. Ten American scientists were elected members of the academy.

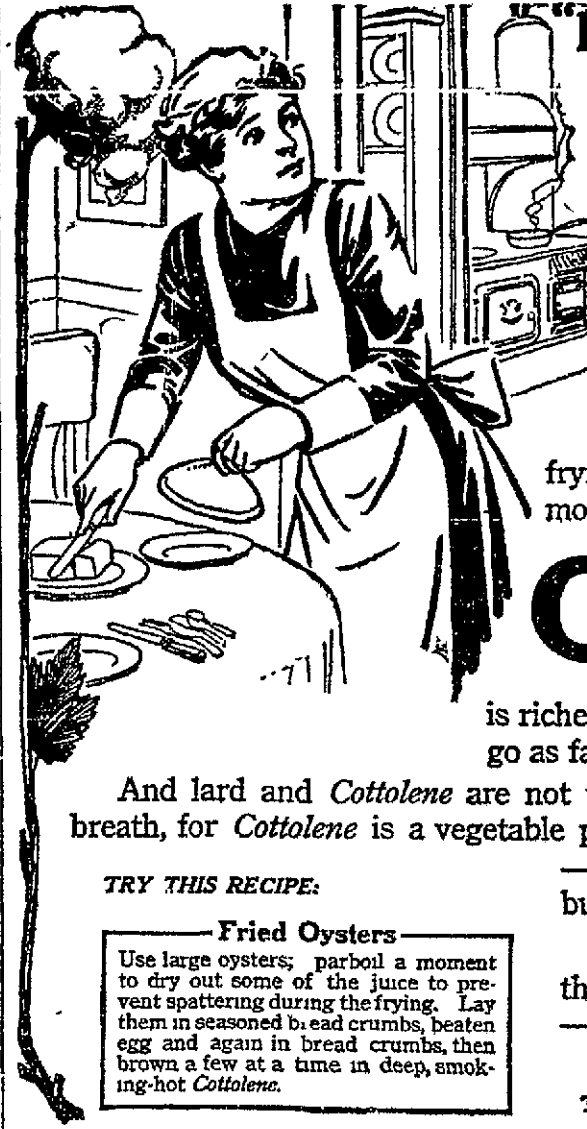

Charles D. Walcott, secretary of the Smithsonian Institution, was chosen vice-president, and Arthur L. Day of the Carnegie Institution, secretary.

The members and their guests made a trip down the Potomac yesterday afternoon to Mt. Vernon on the Presidential yacht Mayflower. The meeting closed to night with the annual banquet, at which Vice-President Marshall and Ambassador Bryce were the principal speakers.

The new members of the American Academy are: Henry Andrews Burmstead of the Sloan Physical Laboratory, Yale University; George Newton Lewis, Massachusetts Institute of Technology; Louis Valentine Pierson of Yale University; Irvin Frank Smith of the bureau of plant industry, Leonard Eugene Dickinson of the University of Chicago, Lafayette Benedict Mendel of Yale University, Edward Bennett Ross of the bureau of standards, Ross Granville Harrison of Yale University, George Howard Parker of Harvard University, and Armin O. Leuschner of the University of California.

**SALOON KEEPER MUST
DISPOSE OF BUSINESS**

J. J. Silvers, a saloon owner of Thirty-fourth and Louisa streets, has been given 90 days by the city council to dispose of his property in the saloon when the charges filed against the place by Chief of Police Walter J. Peterson were heard. Peterson had charged that the bartender falsified statements to the police and that liquor was served to women. Silvers said the blame on his employee. The saloon will change hands.

"Robbing" the Dining Room to "Day" the Kitchen

NO wonder butter is so high. Particular women who are loath to use lard or cooking butter in their cakes and fine pastry, use table butter. With butter at the price you have to pay for it, that's downright extravagance. Cottolene is just as good as butter for pastry; for frying, it is better. And Cottolene costs no more than lard. Moreover,

Cottolene

is richer, and two-thirds of a pound of it will go as far as a full pound of butter or lard.

And lard and Cottolene are not to be mentioned in the same breath, for Cottolene is a vegetable product, healthful, always safe—and makes digestible, rich, but never greasy food.

TRY THIS RECIPE:

Fried Oysters

Use large oysters; parboil a moment to dry out some of the juice to prevent spattering during the frying. Lay them in seasoned bread crumbs, beaten egg and again in bread crumbs, then brown a few at a time in deep, smoking-hot Cottolene.

Remember, Cottolene is better than butter, better than lard—and much more economical.

DANIELS' HAZING VIEWS COMMENDED

Secretary Receives Praise for
Attitude Taken at Naval
Academy.

WASHINGTON, April 25.—Secretary Daniels today expressed his pleasure over many letters of commendation he has received relative to his attitude in regard to hazing at the naval academy.

"It is encouraging," he said, "to find that my views as to the necessity of putting down hazing in the academy are shared by so many people in all parts of the United States."

Senator Gallinger wrote that he was confident the secretary's action would put an end to a practice that had no excuse either in reason or necessity. Professor W. E. Dodd of the University of Chicago declared that the secretary's characterization of the custom as "bullying" was a great help to college authorities who wished to stamp out hazing because there had always been a semi-apologetic attitude on the part of public opinion toward this practice.

TURN VEREIN TO ATTEND THEATER

Members Plan Party for Benefit
of Athletic Team at Denver
Tournament.

The Oakland Turn Verein will give a theater party at the local Orpheum Monday evening, May 5, for the purpose of raising funds to defray the expenses of their gymnasts who are to represent Oakland at the National Gymnastic and Athletic Tournament, to be held June 23 to 25, at Denver, Colo.

About 5000 gymnasts, men and women from all parts of the United States, will compete for honors at that time in all-around, ground and artistic exercises. The Oakland Turn Verein is the only club in the city that has a team of more than local significance.

The Oakland Turn Verein prides itself on having one of the best teams on the Coast. These young gymnasts are to add one number to the regular Orpheum performance on May 5, to demonstrate their worthiness to represent Oakland at Denver. Another number inserted by the Turners will be by A. Engel of the male chorus of the local organization, and well known in German circles of the bay cities.

The gymnasts who will participate in the number to be given at the Orpheum on the night of the theater party are: C. Guber, William Topp, A. Steinbach, J. Schmidt, C. Jaekel, R. Guber, S. Lipson, William Topp, director, A. Schoener and William Picard.

Society

DEBUTANTE affairs are being held at the center of the stage for a few days, and the pretty maid whose hour to society was made within a season or so are enjoying many delightful elaborate affairs. Yesterday, Miss Pearl Chase Cawston entertained about two score of the younger set at a smart affair in honor of her house guest, Miss Esther Bradner, and Miss Lucille Addison was a luncheon hostess at her Berkeley home in honor of Miss Margaret Barr and Mrs. James Miles Black, nee McElrath. Today a number of dinner parties which will include the younger set among the guests are planned to precede the dance of the Friday Night Club at the Hotel Oakland, and Miss Carmen Chardell entertained a number of the buds and belles with an elaborately appointed luncheon at the home of her mother, Mrs. Thomas Watson Cushing, in Piedmont. Miss Pearl Cawston, a charming debutante of the season, and Miss Ethel Musser, the dance of Moylan C. Fox Jr., were the guests of honor. Instead of one large table the luncheon was served at small tables scattered around the spacious dining room. White roses were heaped in the center of the tables, and places were laid for Miss Pearl Cawston, Miss Ethel Musser, Miss Esther Bradner of Portland, Miss Margaret Warner, Miss Marguerite Black, Miss Helen Coogan, Miss Dorothy Capwell, Miss Helen Dabney, Miss Mildred Wells, Miss Elva Ghadell, Miss Helen Downey, Miss Etta Schrock, Miss Gertrude Adams, Miss Hazel Ingels, Miss Alfreda Wright, Miss Florence Caldwell, Miss Almee Jorgensen, Miss Alfreda Higgins, Miss Phyllis Lovell, Miss Marie McEwen, Miss Phyllis Lovell.

DINNERS BEFORE DANCE.

The closing dance of the Friday Night Club, which takes place tonight at the Hotel Oakland, will furnish a delightful entertainment for the debutantes and the younger married set. Numbers of smart dinners will be given at the hotel or the homes of the hosts before the dance, and the jolly parties will later join in the merriment in the ivory ballroom of the hotel. Among those who will entertain at the Hotel Oakland are Mr. and Mrs. Taylor Henshaw and Mr. and Mrs. Robert Hillard Collins, who will have a group of the younger set as their guests. Among them will be Miss Estelle Barr, Miss Pearl Cawston, Miss Margaret Warner, Miss Marguerite Black, Miss Helen Coogan, Miss Dorothy Capwell, Miss Helen Dabney, Miss Mildred Wells, Miss Elva Ghadell, Miss Helen Downey, Miss Etta Schrock, Miss Gertrude Adams, Miss Hazel Ingels, Miss Alfreda Wright, Miss Florence Caldwell, Miss Almee Jorgensen, Miss Alfreda Higgins, Miss Phyllis Lovell, Miss Marie McEwen, Miss Phyllis Lovell.

ENGAGEMENT TOLD IN SOUTH.

Formal announcement of the engagement of Ensign Harry Hill, U. S. N., and Miss Margaret Hill of Annapolis was made recently at a dinner on board the U. S. S. Maryland, which is now stationed in San Diego. Numbers of friends in the bay cities will be interested in the news, as Ensign Hill is the son of Mr. and Mrs. Frank Hill of this city, and a brother of Miss Florence Hill, a popular member of the younger set. Miss Hill is one of the charming belles of Annapolis society, and her marriage to Ensign Hill will be a social event of interest to friends on both sides of the continent.

ENGAGEMENT ANNOUNCED.

An interesting announcement which was not wholly unexpected was made yesterday, when the betrothal of Miss Margaret, Mary Burke and Harold John Durney of Alameda was informally made known to friends. Both the young people are members of prominent families in the Encinal city. Miss Burke is one of the belles of Alameda society and is a charming girl of the blonde type who is popular with the younger set. Durney is the son of Mr. and Mrs. Joseph Durney and is engaged in business across the bay. The wedding will take place in the fall.

LUNCHEON ACROSS BAY.

Mrs. Julia B. Galpin of Berkeley was a luncheon hostess at the Francisco Club across the bay today, dining as her guest of honor Mrs. Horace Brigham Taylor of Boston, who is visiting her son and his family, Mr. and Mrs. H. W. Taylor, and Miss Bernice Taylor, at their handsome home in the Claremont hills, Casa Dulzura. A number of society matrons crossed the bay for the delight.

WEDDING LAST NIGHT.

Miss Lillian McCauley became the bride of George Clark Gester at a quiet ceremony solemnized last evening at the home of the bride's parents, Mr. and Mrs. J. L. McCauley, on Hillcrest road, Claremont. The wedding was simple but charmingly arranged, and was witnessed by about four score friends of the young couple. Dr. Arthur Maxson Smith, pastor of the First Unitarian church, Berkeley, officiated. The bride was gownned in the conventional white satin and veil of fluted tulle, and was given into the bridegroom's keeping by her father, Miss Emma Minihart of Denver was the maid of honor, and the ring bearer was little Jane Green. Ruth Dixon was the flower girl. Howell Gester was best man for his brother, and Benjamin Fife and Hugh Webster were the ushers. After a wedding supper the young couple left for a honeymoon tour in the southern part of the State.

AFFAIR FOR SORORITY GIRLS.

Miss Helen Young, the charming fiancée of Professor Tracy Crawford of the University of California, will be the guest of honor at a bridge tea to be given tomorrow by Miss Helen Beckwith at her home on Telegraph avenue. Thirty-six members of the Delta Delta Delta sorority will be included among the guests. Both the hostess and her honor guest are members of the Tri Delta. Miss Beckwith will be Miss Young's only attendant at the wedding, which is to be solemnized May 22 at the Young home in Berkeley. Rev. Charles Young, father of the bride-elect, will officiate, and Dr. Sumner Hardy will be the groomsmen for Crawford. Only the relatives and close friends of the couple will be present at the quietly arranged ceremony.

AFFAIR FOR BRIDE-ELECT.

Miss Alice and Miss Lucy Shinn entertained a score of guests at their home on Waiworth avenue yesterday afternoon in honor of Miss Vera Corne, whose wedding to Roscoe Mikkel will take place within a few weeks. Cards and tea were the diversion of the afternoon, and considerable merriment was caused by the presentation of a shower of kitchen utensils to the bride-elect. Among the guests at the jolly affair were Mrs. William Childs, Mrs. Kenneth Reed, Mrs. Fred Gowing, Mrs. Birt, Mrs. Harold Baxter, Mrs. Jack Robert, Mrs. Harry Howard, Mrs. Harry Leach, Miss Rae Morrow, Miss Elsie Farnham, Miss Elsie Smilie, Miss Elizabeth Smilie, Miss Phyllis Gornely, Miss Clara Frank, Miss Ora Lucas, Miss Fanny Plav.

WEDDING PLANS.

Miss Anita Randall, whose engagement to Lester C. Britner was announced some time ago, has chosen her wedding attendant for the ceremony on April 30. It will be a simply arranged service at the home of the bride-elect's parents, Mr. and Mrs. C. W. Britner, in East Oakland. The only attendant for the pretty bride will be Miss Edith Sperry, and Lloyd Hill will support Britner as best man. After the wedding trip the young couple will make their home in Sacramento. Miss Randall has been extensively entertained since the announcement of her betrothal, and has scores of friends who will sincerely regret her departure to live in the capital city.

WEEK-END VISIT.

Mrs. Bernard Garrison of Sacramento is spending a short time in Oakland as the

guest of friends, and will be entertained at a number of informal affairs during her stay. She will be one of the guests at the luncheon to be given by Miss Margaret Meek in honor of Miss Gladys Shaw and Miss Genevieve Hatch, two popular girls who have recently announced their engagements. Mrs. Garrison will be remembered as Miss Laura Wyllie, one of the season's most attractive brides, whose wedding was an event of January.

MARRIED AT HOME.

The marriage of Miss Lucille Truman and Ralph Carpenter Emmons took place last evening at the home of the bride's mother, Mrs. Mercedes Truman, in Berkeley, who was attended by the relatives and a few close friends of the couple. Reverend Father McKinnon officiated at the service. The bride was given into the keeping of her husband by her mother, and was attended only by her sister, Miss Anita Truman. She was garbed in a modish traveling suit, with becoming hat to match, and the young couple departed on their honeymoon trip immediately after the informal wedding supper. The bride is the granddaughter of L. J. Truman, a prominent real estate operator of Berkeley. Emmons is a graduate of the University of California with the class of 1908.

LUNCHEON TODAY.

Mrs. E. G. Dewald was a luncheon hostess today at her home in Piedmont, entertaining as her guests the members of one of the smaller card clubs. Bridge followed the luncheon hour. Among the matrons who enjoyed Mrs. Dewald's hospitality were Mrs. Milton Robbins, Mrs. H. D. Foote, Mrs. Lionel Wolff, Mrs. George Lunt, Mrs. Frederick Marshall, Mrs. George Lamb, Mrs. Joseph D. Hoyt and several others.

BAKERY WAGON DRIVERS WANT CHANGE IN HOURS

Members of the Salesmen's Union Local No. 102 of the Bakery and Confectionery Workers have presented an agreement to the employing bakers of the bay cities which fixes the hour for drivers to begin work at 6 o'clock in the morning. The agreement, if satisfactory to the employers, will take effect May 1. Earlier hours for the drivers are declared unnecessary due to the general inconvenience which they cause the drivers of bakery wagons and early morning salesmen.

MOTHERHOOD JOY, SAYS FAIR ACTRESS

Ethel Barrymore Declares Love and Art Should Go Hand in Hand.

NEW YORK, April 25.—"Motherhood is the greatest joy of a woman's life. I would give up the greatest career in the world if the career meant giving up my children."

Beautiful Ethel Barrymore, wife of Russell G. Colt, one of the most beloved of American actresses, made this remark as she talked to a representative of THE TRIBUNE in her home, No. 29 East Sixty-first street.

And no wonder Mrs. Colt feels as she does. Two lovely children, would be hard to find in all Manhattan. The boy, just three years and three months old, has been named after his grandfather, Samuel P. Colt. The girl of eight months has been named for her mother, Ethel Barrymore Colt.

"You believe that the faculties and powers of an emotional actress are unimpaired by maternity?" she was asked. "Certainly I do. This talk one hears occasionally from professional women without children that motherhood takes away from art is all nonsense. Like love, which grows and is always capable of being greater and finer, so motherhood gives a woman a stage a greater appreciation of life and a clearer interpretation of art."

"With a maternal instinct, which is always large in women of temperament, brought to its full realization, the actress becomes greater in her profession and finer in all phases of her life as a woman. I never knew what a beautiful thing life really was until I had my babies, and my love for them makes my love for the whole world finer and stronger."

"You must see our Sammy; if he isn't like a little flower out of a garden, then you have no imagination," added the mother, as she opened the nursery door and brought in the little boy.

Sure enough, like a slender, sun-kissed blossom was the boy, with his bright blue eyes, which matched his blue linen blouse. He has the serious, searching look in his bewitching, but when one glances at the stage vividly to one's mind.

"Now, what is the stage—what are honors or glory that might come to a woman in comparison to this baby boy? They are absolutely nothing and it makes me very unhappy when I see so many women who might have the great joy that has been given to me if only they would! How different their lives might be—how might be theirs if they would have children!"

Christens War Dog

NAPLES, Italy, April 25.—The new Italian dreadnaught, the Duilio, was launched yesterday at the navy yard at Castellammare di Stabia, in the presence of king and queen. Queen Helena christened the vessel amid the cheers of the immense crowd.

To Light "Spooning"

KANSAS CITY, April 25.—To stop "spooning" in Swope Park, Chief of Police Griffin said yesterday he hoped soon to install upon one of the high towers of the park shelter house a powerful searchlight which would bring into the lime-light all couples secluded over the 1200 acres of hill and dale the park contains. The board of public works and the park board recently have made complaints to the police against indiscriminate spooning in Swope Park.

Tells Engagement

NEW YORK, April 25.—Mrs. Frances Beattie Thurber of this city has announced the engagement of her daughter, Miss Jeannette Thurber, to Washington Everett Connor. Connor was once a partner of Jay Gould, and one of the leading figures in Wall street.

To the day of his activity in Wall street, Connor was closely associated with Russell Sage as well as with Jay Gould. He acted in all important Gould deals, and one of the important transactions of late years in which he participated was the purchase of a controlling interest in Wheeling-Lake Erie, which was made a part of the Wabash extension into Pittsburg.

Knocks Out Robber

BOULOGNE, April 25.—A former soldier who attempted to hold up Princess Herculeine here yesterday picked out the wrong party. The princess gave him a couple of blows, locked him up in a room and then sent for the police and had him arrested.

The former soldier went to the palace of the princess in the guise of a policeman. He was admitted to the chamber of the princess, whereupon he drew a revolver and demanded a thousand lire (\$200), and all the woman's jewelry. The princess refused to give to his demands, whereupon he fired two shots, which went wild.

The athletic princess thereupon gave the holdup man a punch in the chest. He went down for a minute, and this gave the princess time to ring the bell for a servant. Before the latter arrived the highwayman dashed into an adjoining room. The robber fired several shots through the door, but no one was hurt. Meanwhile the police had been called, and the ex-soldier was captured and locked up.

To Wed Son-in-Law

COLUSA, April 25.—Herbert McCormick took out a license here yesterday to wed his mother-in-law, Mrs. Little Mabel Smith, McCormick's first wife. Mrs. Smith's daughter, died a year ago. McCormick is 25 and his new wife 44.

COLONEL W. L. SIMPSON DIES WHILE IN EAST

NEW YORK, April 25.—Lieutenant Colonel Wendell Lee Simpson, general purchasing agent for the Panama canal, died yesterday at his home in Garden City. He was retired last summer for weakness of the heart, said to have followed the hundred-mile marches instituted in Roosevelt's Administration. Colonel Simpson had for years been connected with the canal work, following floods and other disasters in this country, and was considered an authority on canal matters. He was in charge at San Francisco after the fire.

MIND CONTROLS AGE

By LILLIAN RUSSELL
(Copyrighted, 1913, by Lillian Russell.)

CLIMATES are given for lengthening or shortening the span of the life of man, but the truth is that climates actually have no effect upon the aging of man, though they may affect beauty by reason of their heat, cold, dryness or dampness. Living in Arctic cold or heat of the desert seems to have no effect upon the length of life. An extended series of investigations on this subject shows an extraordinary agreement throughout the world. The native born people of any country, whether it be Spain, Finland, Egypt or Norway, live an equal length of years. It is true, however, that people of another racial type visiting those countries are liable to fall victims to the native diseases to which the hosts are immune. The table of mortality which is made out for one country will serve all countries universally. The infant death rate is greater in savage countries than among civilized people, but more adults reach advanced years, while in civilized countries feeble people grow old enough to give birth to feeble children, and the stock dies out.

The mode of living determines how fast and how far human beings may go. Normal living is the only recipe for long life, and there is no reason why people should not be lovely and lovable always. "As we sow, so we reap," and the person who lives with the idea that he or she can go on receiving without giving will find in a short space of time that they will degenerate and disintegrate. Long life depends largely upon contentment, and that is entirely dependent upon a mental condition. Mental health does not depend upon temperature or climate. The mind is acclimated to all countries; no cold or heat can affect it if it realizes that fact. The people who live to a great old age are always happy; not because they are alive and well, but because they are living examples of the normal life. The fear of a bad result from change of climate is the only bad result that can attack one. Fear is entirely in the mind; drive away the fear and there is no disease. Therefore, whether you are in Norway or Buenos Aires, the climate is God's climate and with faith in his goodness you have nothing to fear.

HARRIET—Dimples do improve one's looks when one is young. They are attractive and bewitching, but when one grows older they form into deep holes or wrinkles. There is no possible way of acquiring dimples. MISS R.—I cannot give you the name of a cold cream. There are several on the market, but what agrees with one person's face may not agree with another's. However, if you will send me a stamped addressed envelope I shall send you a formula for a cream which I use almost constantly. This is not a greasiness cream. While some people prefer a greasiness cream, it must be remembered that it is the oils in the cream that do the skin the most good.

TO SWIM ACROSS ENGLISH CHANNEL

Alameda Girl, World's Champion, to Compete With English Expert.

Nell Schmidt of Alameda, who holds the world's championship as swimmer, will leave California in the latter part of June or the early part of July for England, where she has accepted a challenge to swim across the English channel. She will compete with Miss Rose Pittner of England, who claims that she will outswim the Alameda girl. Miss Schmidt won the admiration of the sporting world by her daring and successful swimming feat in August 1911, when she swam across the Golden Gate. Under the auspices of the South End Rowing club of San Francisco, Miss Schmidt, will seek to defend the world's record as a swimmer. The theatrical association of San Francisco is defraying the expenses for the journey. She will travel with her mother, Mrs. A. M. Schmidt, and a trainer, who she has not as yet selected.

The young swimmer, who has just passed her twenty-first birthday, declares that she is not afraid of her competitor and is satisfied that she will continue to hold the world's championship. The English channel is 21 miles in length, but despite that fact she is confident that it will be no exertion for her to span it as well as she did the Golden Gate, which is a mile in length. Hundreds of lovers of swimming are watching Miss Schmidt's career and many of her friends abroad, who have learned of her remarkable victory as a swimmer here, are awaiting with interest for the English channel event. No date has been set for the performance, but it is expected that it will take place soon after her arrival in England.

MRS. ELKINS DIES.

PHILADELPHIA, April 25.—Mrs. George W. Elkins, wife of the head of the Elkins family in Philadelphia, died yesterday at her country home after a long illness. Elkins is one of the wealthiest men in the country. His father having been a member of the Widener-Elkins syndicate, owners of street railways in many of the large cities. Mrs. Elkins was Miss Stella E. McIntyre of Dayton, Ohio.

AWAKES AFTER SLEEP OF SEVENTY-SEVEN DAYS

CHERBOURG, France, April 25.—When Leon Jean, a rope maker, woke up yesterday, he was amazed to find himself in a hospital instead of at home. He had been asleep seventy-seven days, although he thought he had been in bed only a few hours. Jean could not be awakened on February 6, and he was sent to a hospital. The present health of the rope maker seems to be very good.

The Shoe Clerks' Local, No. 1133, will give a prize whist tournament Wednesday evening, May 1, in Pythian Castle at Twelfth and Allice streets. Valuable prizes will be given.

CHRISTIAN ENDEAVOR UNION WILL CONVE

STOCKTON, April 25.—An unusually large attendance is expected at the twentieth annual convention of the San Joaquin County Christian Endeavor Union, which will open in this city this evening and conclude with a day and evening session at Lodi tomorrow. "Christian Energy" is to be the general theme, and the principal speakers will be Dr. W. Leon Tucker of Los Angeles and Dr. J. R. Pratt of San Francisco. Paul C. Brown and Thomas Jannay Jr., both field secretaries, also will give a prize whist tournament Wednesday evening, May 1, in Pythian Castle at Twelfth and Allice streets. About 600 delegates will be in attendance.

will give more "real" service and satisfaction than the "ordinary kind"—and "cost no more"—than the glove represented as "just as good."

"KAYSER" Silk Gloves are not the outcome of "claims" or "arguments," but solely the result of a lifetime of striving for the attainment of an ideal, the achievement of which has not been hampered by restrictions of cost or time.

The guarantee you receive with gloves, sold without the maker's name, rarely ever goes back any further than the clerk who sold the goods.

Every pair of "KAYSER" Silk Gloves contains a guarantee ticket—both the glove and the ticket bear the name "KAYSER." Look for it—it is assurance of quality, fit and value and is there for your protection.

WAR DEPARTMENT ASKS FOR DATA

Sends Official Notification of Appropriation for the Investigation.

BERKELEY, April 25.—The Berkeley Chamber of Commerce this morning received official notification from the United States War Department of the appropriation by Congress of funds with which to make an inspection of the Berkeley waterfront, to obtain data on which to calculate the cost of improvements. The letter is as follows:

First District, Rivers and Harbors, War Department, United States Engineer Office, 401 Custom House, San Francisco, Cal., April 23, 1913. To the Chamber of Commerce, Berkeley, Cal. Sirs: The River and Harbor bill of March 4, 1913, provides for an examination of Berkeley Harbor, Cal., with a view to the development and completion of the Berkeley waterfront. I would like to have the names and addresses of all those known to you to be interested in this improvement and who may be able to give information as to the commerce that may be expected to develop as a consequence of the proposed improvement.

Very respectfully,
A. B. BARBER,
Captain, Corps of Engineers, U. S. Army.

At the next meeting of the Chamber of Commerce directors this question will be fully considered, and all interested in the subject are invited to be present and give their views on the proper course of procedure for the collection of data that will be of service to the government engineers. In the meantime, citizens who have given thought to the problems involved are requested to supply whatever information or suggestions that they consider pertinent. The sending of the waterfront to the city of Berkeley by the legislature is an important step, which will allow the local authorities to offer something definite concerning proposed improvements.

HALF AROUND WORLD TO WED MAN OF HER CHOICE

BERKELEY, April 25.—Miss Helen Nourse is to leave this week for Manila to become the bride of Herbert C. Phelps, an official in the Philippine government. She is a daughter of Mr. and Mrs. E. R. Nourse of Lynn, Massachusetts, from which city she has just arrived. She received a cablegram recently from her fiancé asking her to come for the wedding, and she left immediately afterwards. While here she is the guest of Mrs. Dorothy Gardner Smith of 2239 Bancroft way.

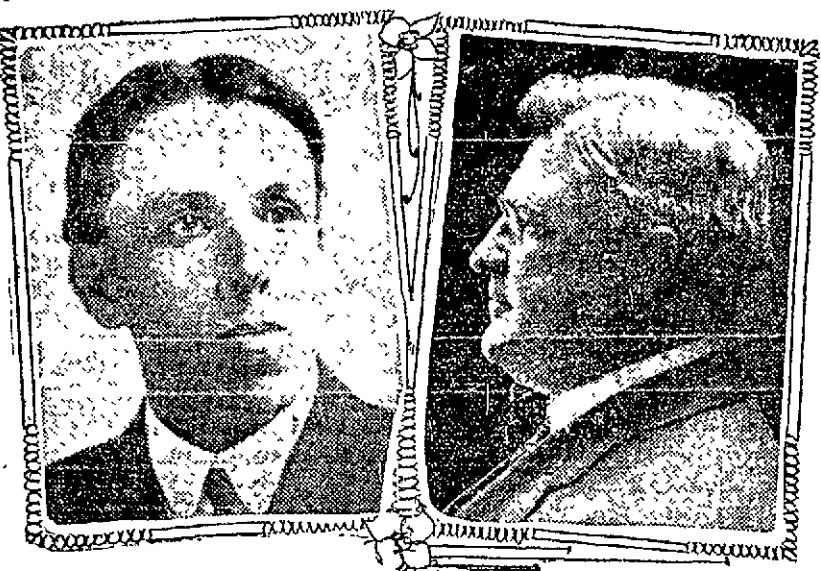

When you find that you are getting in the habit of worrying unnecessarily about your work; that the daily grind is wearing out your nerves; it is time to try yourself to a sudden stop. You are feeling a nervous breakdown. Don't pride yourself that you can keep up through with power alone. Nervousness cannot be willed away. You must get rid of the cause. There is only one thing to do and that is to build up your blood.

Dr. Williams' Pink Pills enable the blood to carry to the weakened nerves the nourishment that they need and have proved of the greatest benefit in even severe nervous disorders.

Dr. Williams' Pink Pills are sold by all druggists at 50 cents per box or six boxes for \$2.50 or by the Dr. Williams Medicine Company, Schenectady, N. Y.

CANDIDATES END CAMPAIGN ON EVE OF CITY ELECTION

CHARLES D. HEYWOOD (LEFT), CANDIDATE FOR MAYOR OF BERKELEY, AND HIS OPPONENT, CHAS. H. SPEAR.—Shaw Photo.

BERKELEY, April 25.—The campaign for mayor, councilmen and school directors in this city comes to a close tonight with several rallies and automobile tours of the city by the candidates. Both Charles H. Spear and Charles D. Heywood, candidates for Mayor, will bring to a close a busy two weeks of campaigning, which started immediately after the recent bond election.

The ticket to be voted upon tomorrow by Berkeley electors is as follows:

For mayor—Charles D. Heywood, Chas. H. Spear.
For two school commissioners—Edwin T. Harms, Christian Hoff, George C. Pape and F. A. Post-Niklov.
For two school directors—Mrs. Elvina S. Beals, Milton T. Farmer, A. T. Sutherland and R. J. Woolsey.

The Heywood party brought its light to a close last evening with a meeting of 500 voters at the Berkeley High School Auditorium. Heywood, Professor Thomas E. Reed and several candidates for other offices than mayor were among the speakers. Spear and Heywood were speakers at a meeting conducted by the fellow improvement club at that school, which 250 persons attended. Geo. C. Pape, E. T. Harms, F. A. Post-Niklov and Mrs. Elvina S. Beals also spoke.

Spear also addressed the dancers at the "Candidates' Ball" at Wilkins' Hall. The two mayoral candidates offered the following statements this afternoon at the close of the campaign:

Charles H. Spear: "I have made my campaign in the belief that I have the qualifications. I have made the campaign alone, because I wanted to go into office untrammelled by any outside influences. By the testimony of engineers and shipping men, I have proved my worth in the conduct of the San Francisco waterfront. I intend an administration of Berkeley at the close of the business principles to which I have been trained—economy, honesty and attention to duty."

Charles D. Heywood: "Some of my friends have been the subject of personal attack because they have ventured to voice their sentiment for the continued good government in Berkeley by espousing my candidacy. In this fight I feel that we represent the new order of things, not the old politics. I have announced my platform. I stand on 21 specific issues. Every one is possible of fulfillment, and the policy of my administration may be known by those issues. I am confident that the people who stand for good government are the majority."

High Tribunal Begins Investigation of Charges Against Police.

this situation. I don't know anything about these bunco men and yet my name has been dragged into this affair."

FATTI IN MCGOWAN.

When McGowan left all of the commissioners agreed that he was apparently innocent of wrongdoing and they thought his story ran true.

Both Droulette and Taylor admitted knowing of the haunts of the bunco men and the latter told of arresting several of them. Detective George McLaughlin, who is not accused, was also called to talk of his part in the capture of Du Bois.

The police investigation was not the only interesting development. Michael Gallo, from his cell at San Quentin, declared that Detective Frank Esola had shared in \$7000 taken by a confidence man from a murdered companion. Sheriff Trafton of Santa Cruz admitted having entered into a contract with one of the victims of the gang to recover stolen property and a suit was filed by Frank Pinell, whose wife was fleeced by Gallo out of \$5055, for the recovery of the money from Gallo and Detective Esola, Sullivan, Droulette and McHugh.

District Attorney Free of San Jose also contributed with the information that Esola had fallen down on testimony in the Chiesa case and had tried to protect the bunco man when the latter was on the trial there. He said that one of his detectives had said to Esola, "I know where you got all your diamonds now, you thief!" and that Esola had not resented or denied the implication.

Mayor Rolph took occasion to refute the statement that Free had told him of grafting of local detectives. The Santa Clara county district attorney declared last night, "There is enough circumstantial evidence to convict Detective Frank Esola of being in league with the Italian bunco ring."

Ferrara Member of Bunko Gang

Stephen Ferrara, serving 10 years in San Quentin for a bunco trick by means of which he swindled Joe Valmini out of \$2100, is known by local detective officers to have worked in connection with the San Francisco confidence gang whose prison confessions have involved eight members of the city's detective force. It was a year after the trick had been turned by Ferrara that he was arrested in Portland, and the first information as to his identity came to Detective Kyle, who finally landed the prisoner from San Francisco. Kyle believes that Ferrara operated with the San Francisco gang and that he was one of the oldest as well as one of the cleverest operators of the outfit.

JURIST WANTS CASE OF DR. FRASER CONCLUDED

SAN FRANCISCO, April 25.—Superior Judge Dunne announced today that he wanted the case of Dr. W. W. Fraser, the Weaverville physician, accused of attempting a public record in connection with the birth of a baby boy to Mrs. Dorothy Slingsby, concluded as soon as possible. The matter has been hanging fire for several months. A demurrer was interposed by the defendant's counsel and arguments upon it have not been concluded. Today another continuance was had and the hearing put over until May 2. At that time the court said that the case must be brought to a head and the demurrer disposed of.

HEYWOOD CLOSES RACE FOR MAYOR

Makes Final Address to Large Audience at Berkeley High School.

BERKELEY, April 25.—Charles D. Heywood brought his campaign for mayor to a close at a largely attended rally at the high school auditorium last night. Fred W. Ross presided as chairman, and Professor Thomas H. Reed was another of the chief speakers. Heywood charged his opponent with spending the time of his campaign ridiculing and attacking supporters of the Heywood candidacy. Professor Reed repeated his charge that Spear had shown insufficiency on the waterfront of San Francisco. Regarding Heywood, Reed said:

"In the conduct of his business Mr. Heywood has demonstrated an ability in executive ways and in the directing of men. He has achieved a grasp of public affairs in the presidency of the Chamber of Commerce and the Manufacturers' Association. He has taken a keen interest in the development of the waterfront and has been instrumental in securing State action."

F. A. Post-Niklov, Mrs. Elvina S. Beals, E. T. Harms, George C. Pape and other candidates also spoke. Defending his own candidacy, Heywood said: "I maintain that we have made a clean campaign, and I would be perfectly justified in attacking the standing and reputation of any of my friends or the friends who are supporting Charles H. Spear. I do not believe that I have the respect. I do not believe that the standing of any of my friends or the friends are at stake in this campaign, but merely the capabilities of the two men for the position which they seek."

"Arthur Arlett and the other friends of Mr. Spear are no doubt honest in their opinion that they are working for the best interests of Berkeley, when they espouse the cause of Mr. Spear for the office, and my friends are also equally honest and working for the best interests of Berkeley when they advocate my election, and I claim and maintain that we have conducted a clean campaign, not attacking the honesty, integrity or private character of Mr. Spear, but merely attacking his efficiency and administrative capability which the public is entitled to know. Mr. Spear has attacked my ability, which he has a perfect right to do, and I welcome it."

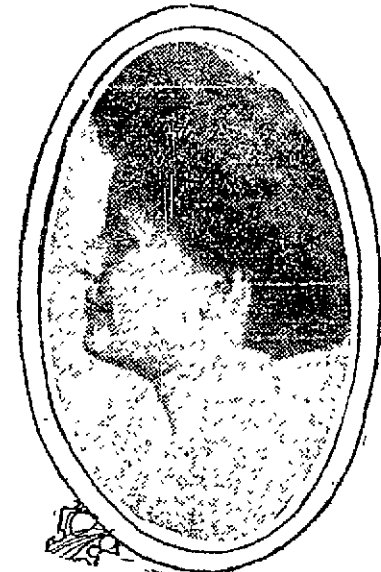

HALF-FARE ORDINANCE READY TO BE PASSED

ALAMEDA, April 25.—City Attorney A. F. St. Sure filed with City Clerk T. C. Coughlin today the new 2½ cent street car fare ordinance which is to grant half-fare privileges to school children traveling during school hours, between school and home destinations. The ordinance was introduced at the final regular meeting of the city council on May 6. It will take effect ten days after passage.

BERKELEY COLLEGE HAS GRADUATING EXERCISES

BERKELEY, April 25.—Graduating exercises were held by the Berkeley Business College this afternoon, when a class of 100 graduates received their diplomas. Diplomas were granted by Professor Z. P. Smith, president of the college.

BETROTHAL OF MISS M. BURKE IS ANNOUNCED

MISS MARGARITA M. BURKE.

ALAMEDA, April 25.—The engagement of Miss Margarita M. Burke and Harold Durney was announced yesterday afternoon. Friends of the two have taken the engagement as an accepted fact for several months, but it was not until yesterday that the engagement was authoritatively given out. The wedding will be an event in the fall. The bride-elect and her mother, Mrs. Edmund M. Burke, are to spend the summer in Canada, returning to Alameda in time to complete the wedding and wedding plans.

The bride-elect is one of the best known society maidens of this city. Her father is a Southern Pacific purchasing agent and is widely known in railroad and other business and industrial circles. Miss Burke is an Alpha Sigma and a member of the Soror and Keys, a high school society. She is a general favorite in society and is a member of several little social coteries. Durney is the son of Mr. and Mrs. Joseph Durney. He is engaged in business across the bay. Like his fiancée, he is one of the best known of the extensive group of Alameda young people known as the younger social set.

CHURCH DRAMATIC CLUB TO GIVE PLAY TONIGHT

ALAMEDA, April 25.—At the Unitarian church this evening there will be open house for all. The occasion will be the presentation of a play and entertainment by the members of the Junior Dramatic Club under the direction of Mrs. Lucy Alston Smith. The affair is under the immediate supervision of the ladies of Unity Circle, but all of the other church organizations will be represented. The stage setting in Dodson hall will represent a woodland bower and it will be here that the play will be produced.

At the conclusion of the play the Unity hall will be opened and dancing will be indulged in by the adults and juniors of the various church societies.

The following were members of the graduating class: Miss Rebecca Falk, Miss Maude Papke, Miss Clara Miller, Miss Edna Sample, Miss Edith Thompson, Joseph Chalmers, Miss Burnham, George O. Shields and H. L. Hutchinson.

FORMER OFFICIAL ON LONG AUTO TRIP

Frank E. Browning on His Way to Future Home in Phoenix.

ALAMEDA, April 25.—Former City Clerk Frank E. Browning is en route today in his auto to Phoenix, Arizona, where he is to engage in business. He expects to take seven days in covering the distance.

The night before he left Alameda Browning was presented with a silver toilet service by some of his friends. Among those in the party at the celebration were J. Prober, Frank H. Bartlett and E. E. Bullock, former mayor of E. K. Taylor, Baron Alfred Browning, Arthur D. Goldworthy, Edward Symon, Paul K. Buckley, C. A. Borie, Auditor and Assessor F. J. Croll.

FALLS DOWNSTAIRS AND FRACTURES SKULL

ALAMEDA, April 25.—C. Helmke of 1209 Central avenue was fatally injured this morning when he fell down the stairs of his home and fractured his skull. Helmke made a misstep and slipped. He is a man of elderly years and his age is an added feature of gravity. He was treated by Dr. J. K. Hamilton and later was moved to the Alameda Sanatorium, where he lies in a critical condition.

DR. GOODSPEED TO LECTURE

ALAMEDA, April 25.—This evening Dr. F. L. Goodspeed, minister of the First Presbyterian church of Oakland, will give an illustrated lecture "Peter the Hermit and the Crusades," at his church. Interesting stereoscopic pictures showing scenes of historic battles between the crusaders will be open to the public and there will be no admission fee charged.

ALAMEDA PERSONALS

Mrs. Edwin Pond James and her mother, Mrs. T. P. Tidale, are spending the balance of April at Mill Valley, where they have taken a cottage for an early spring outing. Mrs. James spends a portion of each spring and summer in Marin county.

Mrs. J. H. Rohr is to build a waterside residence in East Alameda and has purchased a home site fronting on San Leandro bay and the tidal canal. At present she is living on Chestnut street. She will be one of the pioneers in building homes in this new waterside section of the city.

Miss Beatrice Steadman and Miss Marie Ross, two Alameda brides-elect, were given a complimentary party by the Los Angeles club Wednesday. The party was held at the home of the Misses Marie and Stella Koordt. Miss Alice Manley assisted the young hostesses in receiving. Cut glass gifts were presented to the two complemented guests by the club members.

Mrs. George Bordwell is critically ill in Fabiola hospital. She was operated upon Wednesday night for appendicitis and her condition is causing her family and friends grave concern.

Mr. and Mrs. George Crawford Davis (Marion Rhodes) are the parents of a son, born Wednesday. Since her marriage Mrs. Davis and her husband have been making their home in Stockton. The Davis' home, however, was born in this city at the J. D. Rhodes home at 2141 San Jose avenue.

BABE, BELIEVED DEAD, REVIVES

Shock of Seeing Child Sit Up
in Coffin Kills the
Grandmother.

BUTTE, Glenn county, Cal., April 25.—A gently bowed about the little casket of their 3-year-old son, Mrs. J. R. Burney and relatives of this city were listening to the funeral services when there was a slight movement within the coffin. Slowly the form of the baby, clad in its white shroud, rose to a sitting posture and gazed about the room.

The minister ceased his hushed words and the little boy, a moment before a seeming corpse, looked into the eyes of Mrs. L. P. Smith, his grandmother, 81 years old.

Shocked at the sight, the aged grandmother fell back in her chair dead. As the eyes of the others turned to the woman as she expired, the child in the casket sank back to be grasped in the arms of its mother a few moments later.

A physician was summoned immediately, but the aged woman was dead and the little boy was dying. Death came finally to the child a few hours later. The baby, whose name was Charles Payne Burney, was taken ill suddenly and apparently died last Tuesday.

Yesterday there were two caskets in the Burney home. Double services were held and the babe and his aged grandmother were laid side by side in the family plot.

WOULD RAISE BARS FOR FOREIGN MEAT

Butchers' Exchange Protests
Embargo of Australian
Product.

Protesting vigorously against the refusal of the Oakland authorities to allow meats imported from Australia under cold storage, even though approved by the federal inspectors, to be sold in Oakland, the Butchers' Exchange of this city has passed resolutions insisting that the sale be permitted if the meats bear the United States stamp.

The selling of this meat, which comes in ships from Australia, will, according to the butchers, reduce costs to the consumer of 25 per cent, and if the tariff is lowered may even save 10 per cent more. On this ground the butchers, who insist that the meat is as good in every way as the local product, recommend that the rules of the board of health be modified to allow the sale.

The exchange, of which W. R. Harper is president and H. S. Bauman, secretary, has appointed a committee, consisting of Charles Mills, O. D. Newhall and A. Prather, to take up the matter with the city officials. This committee will meet with the mayor and city council and request that the board of health adjust its rules.

ANNOUNCE WEDDING OVER TELEPHONE

Oakland Groom Slips Away
With Bride for Quiet
Nuptial.

Surprising their friends by quietly slipping away to Sacramento for the wedding ceremony, Howard Churchill Crittenden and Mrs. Lorraine De La Montanya Davis telephoned the news of their marriage yesterday to friends in this city this morning. The relatives and friends of the couple knew that a wedding was in prospect, but the time and manner of the ceremony was unexpected.

The bride is a member of the De La Montanya family of San Francisco, and is a charming young matron who has numbers of friends in the bay region. Crittenden is the son of Mr. and Mrs. James L. Crittenden of San Pablo avenue. The family is an old Kentucky one and scores of friends, both here and in the south, will be interested to hear of the marriage of the son of the house. Crittenden is well known in business and social life on both sides of the bay. After a few days in the capital city Mr. and Mrs. Crittenden will spend a brief visit in Oakland with the groom's parents before departing for New York en route for Europe, where a leisurely honeymoon tour will take them through the cities and points of interest in the old world.

Secretary A. A. Denison of the Chamber of Commerce yesterday at-

tended an enthusiastic meeting, held in Napa, to further plans for opening the Napa valley to automobile travel by a short cut to the bay region. This could be done by the improving of

roads from Vallejo Bluffs to Vallejo Junction and by making arrangements to have machines carried by the Southern Pacific ferryboat El Capitlan. The present routes are roundabout. Representative commercial men of

Calistoga, St. Helena, Napa and Vallejo attended the meeting. Several plans for the proposed improvements were outlined and the Southern Pacific will be asked to co-operate.
